Military Sources Say It's Going On

U.S. Denies Planes Bomb Red Routes Into Thailand

EGLIN AIR FORCE BASE, Fla. (AP)—Military sources report U.S. planes now are bombing Communist infiltration routes into Thailand from Laos, but the U.S. Embassy in Thailand categorically denies it.

An embassy spokesman also directly denied a report from the military sources that some American planes have been shot down over Thailand, and said the embassy knew nothing of any Communist antiaircraft guns or missiles in the country.

In contradicting reports, the spokesman said no U.S. armed forces of any kind are carrying out bombing missions on Thai soil, and added: "No U.S. planes have been lost to hostile fire from within Thailand."

The military sources were equally firm.

These same sources say:

—The Communists have sought to counter the raids by positioning antiaircraft guns and surface-to-air missiles in the extreme northeastern corner of Thailand.

—Some American planes have been shot down over Thailand although there has been no official statement on the losses.

These disclosures, made Wednesday by officers here, appear to indicate a worsening insurgency situation for the Thais, confronted more and more with Communist penetration of their borders.

The problem has required some American actions similar to early U.S. efforts in South Vietnam, officers said.

He declined to be specific but said the actions involve U.S. air commandos in Thailand.

Eglin AFB is a major Air Force Tactical Command facility where air commandos—Air Force counterparts to the Army's Green Berets special forces—are trained.

Earlier last year the Pentagon acknowledged U.S.—flown helicopters were being used to ferry Thai troops into the northeast section for counterinsurgency operations.

But the Pentagon said then that U.S. pilots were under strict orders to avoid involvement in combat and would be replaced as soon as enough Thai chopper pilots had been trained.

The United States has undertaken a major buildup in Thailand the last few years with total American strength now exceeding 35,000 men, including some 1,000 air commandos. The commandos help train Thais in counterinsurgency operations.

Earlier this year both the U.S. and Thai governments acknowledged for the first time that many American air attacks on enemy supply lines and positions in South Vietnam were originating from Thailand bases. Nothing was said about bombing inside Thailand.

Since then, B52 bombers have been moved from Guam to Thailand to cut flying time to targets in South Vietnam as well as Laos.

The Air Force is reserving the B52s for the bigger operations in Vietnam and is sending World War II—vintage B26s—now designated A26—on the Thai bombing runs.

Officers here say U.S. pilots —not Thais—are piloting the bombing flights along the northeastern border of the country. They indicated the raids have been under way some time using A26s supplied to Thailand last year.

Congress Clears Meat Check Bill

WASHINGTON (AP) — Only the possibility of last-minute disputes over antipoverty and foreign aid bills appears threatening plans to adjourn Congress by the end of next week.

A controversial meat inspection measure cleared both houses Wednesday and leaders expect action before adjournment on such major bills as Social Security benefit increases, hikes in postal rates and federal pay, and perhaps elementary and secondary education.

Left behind until next year in the drive for adjournment will be such bills as interest disclosure, higher education, crime prevention, civil rights and President Johnson's proposed 10 per cent income tax surcharge.

In a move related to the tax proposal Senate-House conferees finally agreed late Wednesday on a proposal aimed at cutting planned federal spending by some $4.1 billion this year. The spending cut is attached to a normally routine measure to keep agencies going which have not received their annual appropriations.

Rep. Frank T. Bow, R-Ohio, said he will try to increase the spending cut to $5.7 billion. Expected approval of the measure next week will mean an end to the threat of payless paydays for government workers in the Peace Corps, Agency for International Development and Office of Economic Opportunity.

Speaker John W. McCormack told a news conference Wednesday he thinks a Dec. 15 adjournment is possible, and Democratic Leader Carl B. Albert told applauding members later, "We are looking forward and hoping we will be able to adjourn the Congress late next week."

Albert also announced the second session of the 90th Congress would start Jan. 15.

Both houses will have to approve the Jan. 15 date since the Constitution requires they convene each year on Jan. 3.

More Controversy Hits Chester Central School

Controversy over the fire-gutted Central School at Chester was broadened following reports of removal of useful equipment from the structure by the demolition contractor, who has not yet signed a contract for razing the school.

Representatives of the United Excavating Co. of Youngstown this week offered to sell desks and chalk boards from the building to another area school.

Residents in the neighborhood of the Chester school, the interior of which was heavily damaged by a fire March 14, 1966, reported seeing trucks hauling hundreds of desks, chalk boards, auditorium seats and pianos out of the building Monday and Tuesday.

Hancock County school authorities earlier said there was nothing of value in the burned-out building worth salvaging other than the school bell.

—:—

THE YOUNGSTOWN firm submitted the low bid for the razing late in October with an offer of $5,146.

Supt. Robert Hall said Wednesday the firm will begin demolishing the building "just as soon as they get everything ready and get the contract signed."

"Apparently they haven't done business in West Virginia for a while," he added, "and have to clear up a lot of red tape."

"But there's nothing inside we want to keep," Hall declared. "Anything in the fire was paid for by the insurance and it's not worth anything to us."

"There's nothing of any value in there," he said, adding that any equipment destroyed in the fire was credited for full face value to the board by the insurance company.

But the excavating company, which came to Chester Monday, reportedly hauled two tandem trucks loaded with desks and other equipment to its Youngstown headquarters.

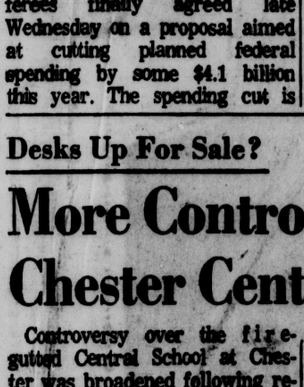

A district school official said the crews stopped at the Beaver Local building on Route 7 on their way to Youngstown in an attempt to sell some of the merchandise.

—:—

THE OFFICIAL said the prices asked, however, were far too high for the Beaver Local system, and it was reported Supt. Roy Cashdollar turned down the offer.

The official reported the company has 250 junior size and another 100 intermediate size chair desks. If the school had purchased all 350, it would have been charged $5 apiece. In addition, a company spokesman said he had many other chair

Goldberg Due To Resign His Post At U.N.

Johnson Reported Agreeable; Time Not Set For Step

WASHINGTON (AP) — Ambassador Arthur J. Goldberg is considering resigning soon from his post as top U.S. representative at the United Nations.

Goldberg has discussed his resignation with President Johnson and it is understood that Johnson is agreeable to his desires.

But Goldberg has not submitted his resignation formally, according to information available here, and no time has been set by him and the President for him to leave his post.

Goldberg spent Wednesday in Washington, attending a Cabinet meeting and conferring with administration officials.

Afterward it was learned he had talked with the President on several occasions, going back some time, about ending his career at the U.N.

Goldberg, 59, has been Johnson's ambassador to the world organization since July 1965. He has told friends he does not consider himself a career public official and is understood to have been interested in returning to the private practice of law, probably in New York.

However, there has also been speculation he might be returned to the Supreme Court by the President when a vacancy develops there. Goldberg left the high court at the President's request to take the U.N. assignment following the death of Ambassador Adlai E. Stevenson. He earlier served in the Cabinet of President John F. Kennedy as labor secretary, bringing to that job years of experience as a lawyer and negotiator in the labor field.

Primm Will Resign Post As Bettis Aide

LISBON — James D. Primm Jr. of 251 E. High St. will relinquish the post of assistant prosecuting attorney Dec. 31 to devote full time to private practice. He is a member of Moore, Moore and Primm, local law firm.

As first assistant to Prosecuting Atty. J. Warren Bettis since Jan. 1, 1965, Primm has handled approximately 220 grand jury indictments plus several cases in which the defendants agreed to proceed by prosecutor's information.

"'I am proud to have had Jim associated with this office, he has been a great asset," Bettis said. The prosecutor attributed the trial successes of his office — only four losses in nearly three years — to Primm's will-

U.S. Eyeing U.N. Action On Vietnam

Expected To Press Council Talks For New Peace Effort

UNITED NATIONS, N.Y. (AP) — The United States is expected to call for a meeting of the U.N. Security Council soon to launch new attempts toward a negotiated settlement of the Vietnam war, informed sources said today.

The sources predicted U.S. Ambassador Arthur J. Goldberg would relay a request from the White House for a meeting of the 15-nation council some time this month.

A U.S. informant said he assumed that "my boss might come back from Washington with some further information on the timing of the council session."

Goldberg spent Wednesday in Washington for a Cabinet meeting, and it was generally believed that he discussed the Senate resolution adopted last week asking President Johnson put the war before the United Nations.

There was speculation that further U.S. action may have been delayed by differences which have arisen with Saigon over participation of the Communist Viet Cong in any council debate on Vietnam.

The split came into the open after it was learned that the Viet Cong's National Liberation Front had expressed a desire in October to send representatives to the United Nations.

A State Department spokesman referred inquiring newsmen to Goldberg's statement to the Senate Foreign Relations Committee on Nov. 2. Goldberg said the United States would vote in favor of the Viet Cong participating in a council meeting on the war.

Ambassador Nguyen Huu-Chi, South Vietnam's observer at the United Nations, called on Secretary-General U Thant when he heard of the Viet Cong approach and asserted that his government would object to a "propaganda" visit here by the Viet Cong.

Court Denies City Slayer New Hearing

The Ohio Supreme Court has turned down a move for a rehearing for convicted wife-killer Charles Copestick, 26, of East Liverpool, and a new move is expected from his attorneys in an effort to postpone his scheduled execution next Friday.

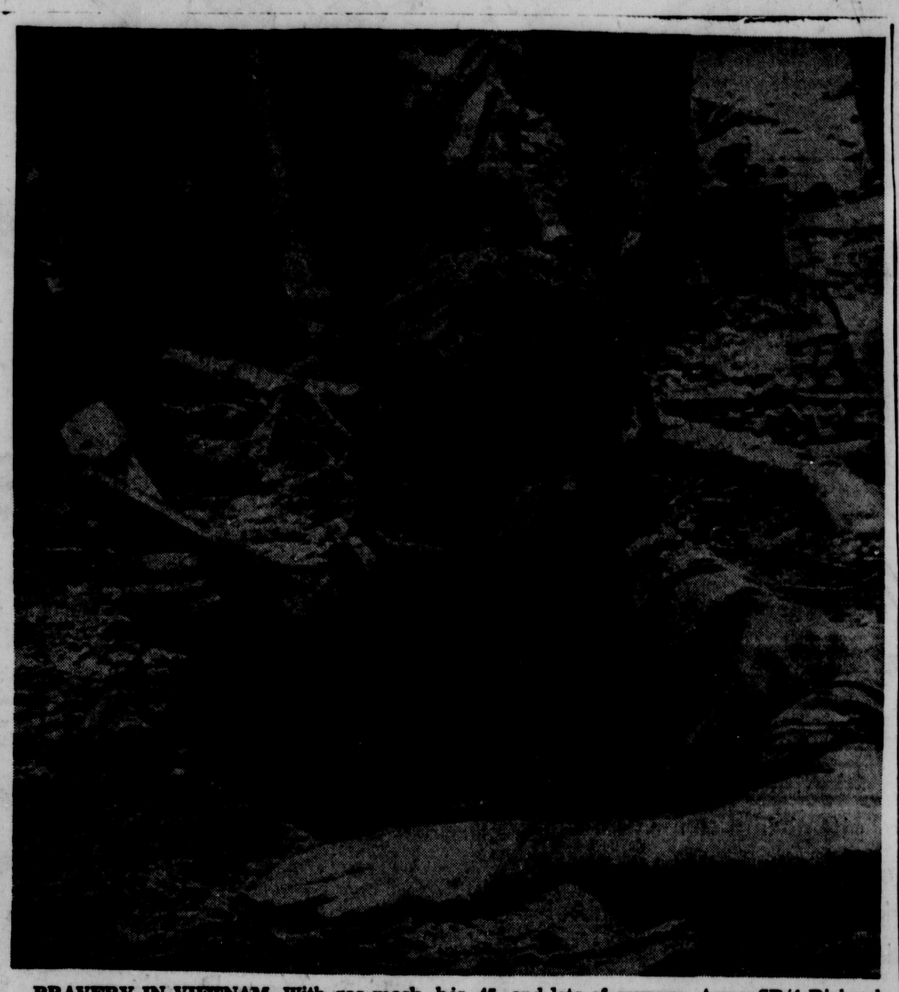

The high court has notified the Clerk of Courts at Lisbon of the rejection of the motion for review of Copestick's case. The court refused last month to review his appeal.

Copestick's counsel, Donald D. Shay and G. William Brokaw, both of East Liverpool, immediately filed a request for rehearing of the motion. It was this request that the court denied yesterday.

Copestick has been in "death row" at Ohio Penitentiary since November, 1966, when a jury convicted him of first degree murder in the pistol slaying of his estranged, pregnant wife, Rebecca Mae, 19. She was shot five times in the head with a .22 caliber pistol. The jury did not recommend mercy.

The supreme court, on denying counsels' motion Nov. 15, fixed the execution date for Dec. 15. Execution was scheduled originally for last April 12 then postponed until Aug. 1 while the case was being appealed.

7 Americans Killed, 77 Wounded

Bombing Accident Fatal To 5 Others Just Below DMZ

SAIGON (AP) — North Vietnamese gunners hit the U.S. Marine forward post at Con Thien Wednesday with the heaviest artillery barrage in more than two months and probed a nearby Marine position with a ground attack.

In the same area just below the demilitarized zone, a Marine fighter-bomber supporting the ground troops accidentally dropped a bomb on the perimeter of American positions and added to the U.S. casualties.

The barrage of 276 rounds of artillery and mortar fire and the ground probe by an estimated company of North Vietnamese killed seven Marines and wounded 77, the U.S. Command said. The accidental bombing killed another five Leathernecks.

The Marines reported killing three North Vietnamese.

Headquarters said the artillery barrage included 60, 82 and big 120mm mortar and 85mm artillery rounds. A spokesman said it was the heaviest barrage since Sept. 25, when Communist gunners slammed more than 1,000 rounds of artillery and mortar into Con Thien, which was under virtual artillery siege during the entire month of September. The Marines suffered nearly 1,000 casualties then.

Simultaneously on Wednesday, units of the 4th Marine Regiment 2½ miles northeast of Con Thien came under a four-hour attack by an estimated company of perhaps 150 North Vietnamese who opened up with small arms, machine guns and bazooka-type rockets. Marine fighter-bombers, artillery and helicopter gunships finally drove the Communists off.

The United States countered with two raids by B52 bombers above and below Con Thien, naval gunfire from destroyers off shore and strikes by tactical fighter-bombers against the Communist gun positions and supply routes.

In one raid today, the eight-engine B52s dropped thousands of pounds of bombs on roads and military facilities 30 miles above the DMZ which feed men and supplies to the 35,000 North Vietnamese troops believed to be threatening Con Thien and other Marine outposts below the frontier.

In a second raid today, the big bombers pounded Communist buildup areas four miles west-southwest of Con Thien.

U.S. Air Force, Marine and Navy jet fighters also hit scores of targets just inside North Vietnam Wednesday in a concentrated effort to cut supplies heading south to the frontier.

New Effort Due Friday In New York

Police Arrest 200 More In 'Stop Draft' Protest

NEW YORK (AP)—Chanting antiwar demonstrators staged a third round of "stop the draft" protests today, spilling through the streets from Manhattan's southern tip to midtown Times Square and the United Nations.

Scrambling police outnumbered them at virtually every turn, and the roving band which numbered about 700 at the start had dwindled to about 30 by the time the demonstrators dispersed some three hours later.

More than 200 of them had been arrested, on charges ranging from inciting to riot to disorderly conduct and parading without a permit.

Demonstration leaders, admitting frustration and charging police with harassment, called for another round of protests Friday, with Battery Park in Lower Manhattan as the staging area.

More thn 700 of the young demonstrators left the park in Lower Manhattan and sent only a token force to the downtown armed forces induction center, principal target of the two previous protests.

Employing new tactics plotted Wednesday night after two days of direct assaults on the center had failed, the roving bands ran through rain-wet streets while police pounded after them on horse and on foot. Circling helicopters followed their movement, too.

Some of the groups ran through the streets tossing flowers on parked cars. At the center a group of 75 picketed carrying a red, white and blue sign saying "Welfare workers get out of Vietnam now."

One counterdemonstrator picketed in the park carrying an American flag. He identified himself as John Ilick, 31, of Ramsey, N.J. and said, "I'm here to show the GIs somebody's rooting for them."

There was also a group of longshoremen roving the area, several of whom said they would fight. "Why I fought bums like these overseas for 3½ years," shouted one as mounted policemen kept them away from the protesters. "I can do it here."

Asked To Enter Primary

President Given Support Of Area's Party Leaders

Democratic leaders of the seven - county 18th Congressional District, meeting Wednesday night at Columbiana, enacted a resolution endorsing the renomination and re-election of President Lyndon B. Johnson in 1968 and asking that his name be entered on the May primary ballot in Ohio.

If Johnson's name is not entered in the Ohio primary, then Rep. Wayne L. Hays, veteran 18th District congressman, should run as a "favorite son" pledged to the President's renomination, the resolution says. It will be sent to the Ohio Democratic Committee.

The meeting was held at the home of Don R. Gosney, 18th District member of the Democratic State Central Committee. Miss Esther Pinsky of Bellaire, state central committeewoman from the district, also attended.

Gosney said there were party representatives present from each of the seven counties: Columnbiana, Jefferson, Belmont, Harrison, Tuscarawas, Monroe and Noble.

The group agreed that Columbiana and Tuscarawas County residents will be candidates for district delegates to the Democratic National Convention, as Jefferson and Belmont residents were delegates in the 1964 convention. Maurice Rapport of East Liverpool will be one of the district delegates. The other has not been chosen. The alternates will be residents of

Controversy over the fire-gutted Central School at Chester was broadened following reports of removal of useful equipment from the structure by the demolition contractor, who has not yet signed a contract for razing the school.

Primm Will Resign Post As Bettis Aide

LISBON — James D. Primm Jr. of 251 E. High St. will relinquish the post of assistant prosecuting attorney Dec. 31 to devote full time to private practice. He is a member of Moore, Moore and Primm, local law firm.

As first assistant to Prosecuting Atty. J. Warren Bettis since Jan. 1, 1965, Primm has handled approximately 220 grand jury indictments plus several cases in which the defendants agreed to proceed by prosecutor's information.

"'I am proud to have had Jim associated with this office, he has been a great asset," Bettis said. The prosecutor attributed the trial successes of his office — only four losses in nearly three years — to Primm's will-

Court Denies City Slayer New Hearing

The Ohio Supreme Court has turned down a move for a rehearing for convicted wife-killer Charles Copestick, 26, of East Liverpool, and a new move is expected from his attorneys in an effort to postpone his scheduled execution next Friday.

The high court has notified the Clerk of Courts at Lisbon of the rejection of the motion for review of Copestick's case. The court refused last month to review his appeal.

Copestick's counsel, Donald D. Shay and G. William Brokaw, both of East Liverpool, immediately filed a request for rehearing of the motion. It was this request that the court denied yesterday.

Copestick has been in "death row" at Ohio Penitentiary since November, 1966, when a jury convicted him of first degree murder in the pistol slaying of his estranged, pregnant wife, Rebecca Mae, 19. She was shot five times in the head with a .22 caliber pistol. The jury did not recommend mercy.

The supreme court, on denying counsels' motion Nov. 15, fixed the execution date for Dec. 15. Execution was scheduled originally for last April 12 then postponed until Aug. 1 while the case was being appealed.

Asked To Enter Primary

President Given Support Of Area's Party Leaders

Democratic leaders of the seven - county 18th Congressional District, meeting Wednesday night at Columbiana, enacted a resolution endorsing the renomination and re-election of President Lyndon B. Johnson in 1968 and asking that his name be entered on the May primary ballot in Ohio.

If Johnson's name is not entered in the Ohio primary, then Rep. Wayne L. Hays, veteran 18th District congressman, should run as a "favorite son" pledged to the President's renomination, the resolution says. It will be sent to the Ohio Democratic Committee.

The meeting was held at the home of Don R. Gosney, 18th District member of the Democratic State Central Committee. Miss Esther Pinsky of Bellaire, state central committeewoman from the district, also attended.

Gosney said there were party representatives present from each of the seven counties: Columbiana, Jefferson, Belmont, Harrison, Tuscarawas, Monroe and Noble.

The group agreed that Columbiana and Tuscarawas County residents will be candidates for district delegates to the Democratic National Convention, as Jefferson and Belmont residents were delegates in the 1964 convention. Maurice Rapport of East Liverpool will be one of the district delegates. The other has not been chosen. The alternates will be residents of

Newly-Rented House Discovered

Lynda And Fiance Lose In Battle For Privacy

WASHINGTON (AP) — The President's daughter and her Marine fiance lost a major skirmish in their battle for some privacy—their newly rented house has been discovered in a quiet Arlington, Va., neighborhood.

The Wednesday disclosure, three days before their wedding, was sure to disappoint Lynda Bird Johnson and Capt. Charles S. Robb.

Robb earlier told reporters he and his bride-to-be had rented a furnished house in the "Washington metrpolitan area." But Robb said he preferred not to discuss it any further "just so that we do have some privacy."

"I think you will understand," added the 28-year-old Marine.

But it didn't take long for their secret to leak out, especially when neighbors spotted some unusual telephone installation going on at 3556 Valley St.

The house, located in a cul de sac development—one of a cluster of 15 homes, reportedly in about the $50,000 range—is an L-shaped, ranch-style dwelling.

The couple had planned to live there for a brief time until Robb reports March 29 to Camp Pendleton, Calif., on his way to a year's duty in Vietnam.

The First Family was saddened by the death Wednesday night of pastry chef Clement Maggia, 74, who had been in the process of completing a 6-foot tall, 250-pound wedding cake.

Maggia died of a heart attack after dining with his wife and relatives at a Washington hotel. The executive chef and instructor at the Greenbriar resort hotel in White Sulphur Springs, W. Va., had baked the cake there and come to the White House Monday to put the five layers together and apply the elaborate white fondant icing.

Chamber Group Backs Program Shaw Outlines

The civic and community affairs committee of the Chamber of Commerce, meeting Wednesday noon, agreed to cooperate in a program for total community development which the Chamber will undertake in 1968.

The development program was explained by George A. Shaw, president, during the meeting in the Chamber offices on E. 5th St. The program, a way of coordinating efforts to solve community problems, seeks the cooperation of all interested persons in taking specific and positive community actions, Shaw explained.

Attending the session were Arthur Doak, chairman, H. J. Allison Jr., Thomas Babb, Dr. John A. Fraser, Dr. John W. Hayes, Dr. C. M. Mayberry, John Starkey, Dr. A. A. Turner and Christ Pallis.

For 30 hours beginning on March 29, 1848, water ceased to flow over Niagara Falls. An ice jam clogged the tributary that feeds the falls.

Aimed To Prevent Rejection

Heart Transplant Patient Given Cobalt Treatments

CAPE TOWN, South Africa (AP) — Louis Washkansky left his sterilized room today for the first time since the historic transplant operation four days ago replaced his failing heart with a healthy one.

Washkansky, in the second day of a week-long critical period during which his body may attempt to reject the alien heart, was wheeled on a bed more than a quarter of a mile through Groote Schuur Hospital to the radiotherapy department for a cobalt treatment intended to prevent rejection.

He was returned to his room 40 minutes later. He received cobalt treatments in his room Tuesday and Wednesday from a hastily built portable radiation device.

Until today, the 55-year-old wholesale grocer had been kept isolated in an oxygen tent because the radiation and drugs designed to overcome the body's tendency to reject foreign substances also leave him more susceptible to infection.

Doctors said there has been no sign so far of "immunological rejection" of the heart transplanted Sunday from a 25-year-old woman killed in an auto crash, but they kept a minute by minute watch on the patient.

Dr. Christian Barnard, who headed the team that operated, told newsmen Wednesday he believes Washkansky's body will continue to accept the new heart.

Washkansky's own heart had been expected to quit this week. But Dr. Barnard said the patient may go home in three weeks if he keeps up his steady improvement. He said Washkansky would be better off at home because "hospitals are where germs are found, and the chance of infection would consequently be greater."

Washkansky's appetite was "not so good" today, a hospital spokesman said. He breakfasted on two boiled eggs after eating minced chicken and mashed potato Wednesday.

In New York, a 22-member surgical team carried out the world's second reported human heart transplant Wednesday but the heart inserted into the breast of a 2½-week-old boy stopped after 6½ hours. Dr. Adrian Kantrowitz, the chief surgeon, said he did not know why the heart—from a child with a fatal brain lesion—failed.

Weirton Steel Cites Safety Achievement

WEIRTON — Another safety achievement has been attained by the Service and Maintenance Department at the Weirton Steel Division of the National Steel Corp.

J. G. Redline, president, said the department's employes have worked one million man - hours without a lost-time accident, becoming the fourth department in the company to achieve the record this year.

Redline said the more than 2,000 employes of service and maintenance set the record between Aug. 22 and Nov. 12 and have continued the achievement since that time, reaching more than 1,280,000 man-hours without a lost-time accident on Dec. 5.

Poll Indicates Underwood Has Edge On Moore

HUNTINGTON (AP) — Former Gov. Cecil H. Underwood has the early edge over Rep. Arch A. Moore Jr., R-W Va in the Republican gubernatorial campaign, according to a sampling of the 15 largest counties in the state.

The poll was conducted by J. Melvin Miller, assistant professor of political science at Marshall University.

Miller said his findings show 55.5 per cent of the persons contacted in the sampled counties favored Underwood, 38.5 per cent were for Moore and 6 per cent backed Huntington Atty. Peter Beter.

The same survey, Miller said, showed 44 per cent support Atty. Gen. O. Donald Robertson as the Democratic gubernatorial nominee, 32 per cent favor James Sprouse, 22 per cent were for State Sen. Paul J. Kaufman and 2 per cent endorsed former House Speaker Julius W. Singleton Jr. of Morgantown.

Kaufman and Singleton have not announced the candidacies for governor.

Miller did not say how many persons were polled not did he identify the counties in which the sampling was conducted.

Salem, Township Air Sewer Plans

SALEM — Servicing of northern Perry Township residential areas by Salem's sanitary sewer plant looms as a definite possibility it was decided at preliminary planning session Wednesday at City Hall.

Involved in the discussions were Council members, Columbiana County Commissioners, Perry Township trustees, representatives of Rackoff Associates of Columbus and W. E. Quicksall and Associates of New Philadelphia, engineering first, and others.

It was agreed the city could handle sewage disposal from the Perry Township area, and it would be possible to get sewage from that area to the disposal plant. However, many details would have to be worked out, and numerous agreements reached before the township sanitary sewers could become a reality.

New 43920 Headquarters

"Santa came a little early this year," was the happy reaction of Postmaster Samuel W. Brown to announcement of the long-awaited signing of a contract to build a new East Liverpool Post Office.

Postal workers have been hardpressed for space and modern mail handling procedures in the present Broadway facility, built in 1907. The Smith St. substation was acquired over 15 years ago for parcel post and other operations because the Post Office lacked sufficient area.

The new post office will provide improved mail handling and greater convenience to most patrons, and should alleviate traffic congestion. It should also stimulate a new development of Dresden Ave. in the neighborhood of the postal center.

Attention will be focused upon a proper use of the old post office, which the General Services Administration will dispose of once the postal operations are transferred. It is doubtful if any other federal agency would want to utilize the structure, and the GSA may offer it for municipal or educational purposes. The possibility of its housing a historical museum or pottery museum is also being contemplated.

Whatever its ultimate use, it should be in keeping with the "cultural area" designed for that Broadway section under the city's comprehensive plan.

There is every indication the contractor will get the postal project launched earlier than spring as reported by the Postal Department, and since the agreement calls for completion within 300 days, Santa in 1968 may be uncertain whether he'll be doing his mailing on Broadway or Dresden Ave.

Spanning The Years

Efforts to preserve Columbiana County's practical and picturesque covered bridges have drawn considerable acclaim from many over the years — from the distant visitor captivated by the unusual spans to the local residents for whom they inspire pleasant memories.

The Ohio Covered Bridge Committee, ever enthusiastic about these hardworking relics of the past, has adopted a resolution commending the East Liverpool Historical Society, County Engineer John Ursu and the Columbiana County Commissioners for their actions in maintaining the historic spans.

We agree with John A. Diehl, chairman of the OCBC, there is an educational and historical value in the covered bridges, and there is a feeling of pride and sentiment among most citizens for preserving the structures which are fast disappearing in America.

The Historical Society, Mr. Ursu and the County Commissioners, all of whom provide either funds, labor or other aid in reshingling the six spans, have truly discharged well their responsibilities toward the task of keeping the county's history tied to the present and future.

Taking On The Establishment

When a United States ambassador says he has too many people on his staff—that's news. It takes a big man to fight the Establishment.

Ambassador to Brazil John Wills Tuthill is having a go at it. He is not expected to get far with his project, but he has proposed a reduction in his 924-man staff.

Ambassador Tuthill took over this country's largest diplomatic complex in Latin America last year. He has suggested a cut of 25 to 40 per cent in diplomtic, military and foreign aid personnel in Brazil. The ambassadors calls the complex "Operation Topsy" after the little girl in Uncle Tom's Cabin who "just growed."

There is no question the State Department could eliminate up to 50 per cent of present personnel without impairing operating efficiency. It probably would help.

Mr. Tuthill has laid on the line what has been suspected for a long time. He says staff growth results from bureaucratic and policy pressures, not real need.

The ambassador's description of the sprawling U.S. operation is a horror story to the U.S. taxpayer.

There are so many people milling around in so many programs that lack of coordination dooms many good ideas to failure, gives rise to friction with the Brazilian government and wastes millions of U.S. tax dollars.

It will be interesting to see how far Ambassador Tuthill gets in Washington. Our guess is his recommendations will receive the customary pigeonholing treatment.

What we need in government, inside and out of the country, is more public servants like Ambassador Tuthill — and officials who take them seriously.

It Can Get Pretty Tiresome

If Americans really believe in stopping authoritarians wherever and whenever they rear their pointed heads, they will rally to the right side in the issue between State Police Director Lynn A. Davis of Arkansas and a circuit judge who held him in contempt of court.

The judge did this because Director Davis would not reveal the name of an informant who tipped him off about a gambling operation.

This is the issue that has caused newspapermen and other personnel in the communications media to go to jail rather than reveal the sources of their information.

The position of these people is clear and unassailable, challenged only by wrong-minded public officials who try to wriggle out of tight places by putting the squeeze on someone else.

In Arkansas, the only beneficiaries of disclosure would have been the gamblers.

Director Davis must protect the sources of his information because law enforcement depends on it. Every law enforcement agency relies on secret sources of information. Every reporter learns at his editor's knee to protect sources that help to reveal information which otherwise never would be disclosed.

Yet, judges and other officials never give up. They arrogate to themselves an assumed right to bully citizens with threats to keep them in jail unless they disclose where they obtained their information. It's part of the endless fight between those who get things done and those who look over their shoulders — and it can get pretty tiresome.

Purely Personal Observations

I dream of a highway sign that would read: "Hi Sucker. You're lost. You are turning into a one-way street going the wrong direction and don't know what to do. Okay. Turn right at next intersection, then right again at first light and you'll be on your way. Don't be sore. We do our best."

Closest thing we have to British pubs is the hole-in-the-wall restaurant that caters to the breakfast trade. It is where truck drivers and neighborhood employes meet to eat two-easy-over, sweet rolls and a second cup of coffee while discussing the morning news.

I am uneasy about the wedge of resentment being driven between critics of the Vietnam War back home and servicemen in Vietnam — a wedge that is splitting these groups apart on the meaning and duties of patriotism.

Postage will go up again in January — but that's just another way of saying a 6-cent stamp is not worth six times as much as the 1-cent stamps first issued in 1851. It means a penny now is worth one-sixth what it used to be worth postage-wise.

Watch the current French experiments with high-speed trains that run on an air cushion, using a concrete monorail to guide them. They can go more than 200 m.p.h. and would solve the problem of all-weather transportation at airplane speeds for short distances.

Congress is monkeying with a law to make it illegal to discriminate against a job applicant on account of age. This may give me a chance to quit the job I now hold and reapply for it as a newcomer. They couldn't turn me down on account of age, see?

Letter To The Editor

EDITOR OF THE REVIEW:

To the people of East Liverpool and surrounding areas. We the members of the Gladiators Motorcycle Club have been hearing a lot of bad talk about a party we had a few months back.

The talk was about all that went on down at that party. People who weren't even near that party are telling of what happened there. They are still saying there was rape going on at a large scale, everyone was on dope, everyone was drunk and that it was a real Roman orgy. They also say that the East Liverpool Police Department was so scared they wouldn't even come around.

You people who have that bad mouth are very wrong — if all that went on your local police would have been there right away. There was a little trouble at a restaurant, and it was settled before the police arrived. They asked if everything was under control, and they were told everything was fine, but they were on the job and on the scene all the time during their patrol of duty.

There was two motorcycles and a car accident on the River Road that night, and was very expertly taken care of by the police department, and one arrest was made without any trouble whatsoever. Do not believe everything you hear, and be careful of what you say.

Mr. Veness of the Skyview Theater is a good example of a good citizen and one who deals with the public. He has an open mind in dealing with the public as a whole. When a motorcycle club attends one of his pictures, he treats them with respect and bids them welcome; if they cause trouble he knows then who causes trouble and what to do about it.

He is not the type to say upon the admission of a motorcycle club, "You're no good, you're all troublemakers, get out." He is the type to say, "Enjoy the picture and come visit us again. To be treated with respect regardless of what a person wears, or what he drives does not mean all motorcycle riders are bad. To you, Mr. Veness, keep up your good work, and don't lose your good judgment. Good judgment is one thing we should all have and use at all times.

Labor Backs LBJ War Plan

BAL HARBOUR — Now President Johnson has what he has not been given previously by any powerful force in our land — flat, unequivocal and absolute support for his policy of bombing North Vietnam and whatever he considers "strategic areas" there for as long as he believes vital to American interests.

Victor Riesel

Coming as it does during the early stages of the twin McNamara and McCarthy melodramas, this support proves once and for all that the President now has a tightly organized mass base to bolster his policies in Vietnam.

This positive backing springs from the high command of American labor, the men who talk for 14 million AFL-CIO men and women. These leaders did not merely restrict themselves to support of White House abstract policies. But, with deliberate action, they wrote into their resolutions here at their seventh national Constitutional Convention specific backing of the "bombing of strategic areas in North Vietnam."

This was not merely the semantics of men long identified with inflexible anti-communism. This now is the sentiment of men whose militancy and spirit of dissent cannot be challenged even by the Reuthers. Among those who back the aerial rocketry, the waves of B52's, the final struggle in Vietnam, are most of the powerful leaders of the old CIO, once led by Walter Reuther himself.

There is big Joe Curran, who is aching to take on Reuther in open debate. Curran, whose National Maritime Union is not exactly known to be the Temperance Union of the day, believes that a line should be drawn against the communist world in Vietnam and is preparing to take the floor to say so.

BACKING THE PRESIDENT'S war policies are such AFL-CIO executive council members as the Steelworkers' I. W. Abel, and the pinwheeling legend of Garment union lore, Dave Dubinsky, now a leader of the New York Liberal Party, heavily infested with peace-now-people.

There is no doubt of President Johnson's need for such backing as the McCarthy-Kennedy forces close in on him. How pleased he is can be gleaned from what he told some labor visitors the other day in the White House:

"You advocate neither surrender in Asia," said the President to the visiting labor activists "nor surrender to the age-old enemies of illiteracy and intolerance and hunger. Your thinking and, I think, the thinking of your government are alike in these crucial matters. At least Mr. Meany brought me a poll yesterday from 13 state conventions and 3 international unions. Forty-one per cent approves what we are doing there. Thirty-nine per cent want us to do more. So you put 41 and 39 together, there is not surrender in those statistics."

These are the conversation pieces in the lobbies and meeting halls of convention hotel headquarters on the sandy strands. There is anger and bitterness too over attacks by the Reuthers' on the AFL-CIO leadership.

It is not overlooked here that Victor Reuther, head of the United Auto Workers International Affairs Dept., charged at the Chicago national labor peace assemblage that the AFL-CIO leadership has a "immoral" ... and "corporate-fascist state approach" . . . to the fight on world communism, especially in Latin America

THERE IS BITTERNESS here over the Nov. 15 broadcast from Moscow in English to North America by Vladimir Afonin. He covered the Chicago labor peace assemblage which, he reported, disclosed a deep split in AFL-CIO policy. Then the Soviet broadcast warped the truth by stating that the peace assemblage was addressed by "UAW President Reuther." This is a lie, but to the national AFL-CIO chiefs, it proves how the labor peace bloc plays into USSR's hands.

AFL-CIO Convention resolutions here will charge the Soviets with deliberately prolonging the war by moving vast supplies to Hanoi.

Whether or not labor's ranks will be permanently split over the Vietnam issue depends on the comfort the labor assemblage peace bloc will give to the anti-Johnson and anti-Rusk demonstrators expected to hit the beaches bucolic streets here. Meany and his colleagues well remember the balcony peace demonstration at the 1965 convention in San Francisco's municipal auditorium. There's good reason to anticipate an invasion here too.

Their target, more than Lyndon Johnson or Dean Rusk, will be George Meany under whose leadership the AFL-CIO has become the only labor movement in the free world to disdain any relationship with unions in totalitarian lands. The Reuthers are strongly opposed to this rejection of fraternity with Soviet and mainland Chinese unions.

So, if the so-called peace bloc walks with the demonstrators or encourages them or supports them, this will be the first open seam in the inevitable split which could lead to a new left-wing labor federation.

About which more shortly.

Odd Facts

The state of Maine often is referred to as Down East and its people as Down Easterners because travelers from Massachusetts, mother state of Maine, had to go north and east to reach the region.

Lincoln's assassins also intended to kill Secretary of State Seward. One of John Wilkes Booth's accomplices broke into Seward's home and wounded him. He recovered, however, and kept the office of secretary of state under President Johnson.

The Magna Carta, the charter of English liberty, is often called the Great Law.

Youth In War

The image of youth presented these days is often tainted with the philosophy of the "hippies."

Patriotism is considered obsolete. Draft cards are burned, and antiwar demonstrations get the headlines.

So there is something refreshingly different in this story about the valor of a young man in Vietnam.

In awarding to Charles R. Jennings a Silver Star — the third highest decoration in the military service — Col. Frederick Krause, chief of staff of the First Infantry Division, issued the following citation:

"For gallantry in action against a hostile force: On this date (July 18, 1967), Private First Class Jennings was serving as an ammunition bearer for his unit on a search-and-destroy operation in a Viet-Cong-infested area near Bien Hoa. While moving in the dense jungle, the point man discovered a large enemy base camp. After bombarding the hostile site with artillery fire for approximately one hour, the unit began to enter it. Suddenly they were subjected to intensive small arms, automatic weapons, and Claymore mine fire by a well entrenched Viet Cong force. During the first moments of the engagement, Private First Class Jennings was severely wounded by a hostile Claymore mine and a bone in his foot was broken. Despite the severity of his wound, he remained in the embattled area providing ammunition and assisting the machine gunner.

"WHEN THE ammunition supply was diminished, Private First Class Jennings, with great pain and with complete disregard for his personal safety, moved to the rear and secured additional ammunition. He then moved back into the kill zone and went from position to position resupplying the much needed ammunition.

"Despite his extremely painful wound and the heavy hostile fire, he never wavered in his determined effort to destroy the enemy force. His courage and determination significantly contributed to the overwhelming rout of the Viet Cong force.

"Private First Class Jennings' unquestionable valor in close combat against numerically superior hostile forces is in keeping with the finest traditions of the military service and reflects great credit upon himself, the first Infantry Division, and the United States Army."

Charles Jennings, whose home is in the Washington area, is 21 years old, and has two younger sisters. His father died in 1961, and his mother works to support the family. Jennings interrupted his college education and volunteered for the army. He was in several combat actions in Vietnam before the one in which he was wounded, and he became probably the highest-decorated private in his division.

Jennings is back on duty now as a corporal, and his term of military service will not be completed until next year. His mother is proud of what he has accomplished, though naturally anxious about the safety of her son, as are all the parents of young men who fight in Vietnam.

Unfortunately, not all servicemen who display valor are decorated. Many of them exhibit at all times a courage in action which is regarded as customary, but it is still in the best traditions of America and deserving of a nation's appreciation. Letters often are received from fighting men in Southeast Asia who are puzzled at the behavior of the youth back home.

TO THOSE in the battle zones, the war is an obligation that is rooted in patriotism. But the newspapers from the United States reach the combat areas, there is astonishment that some of their countrymen are contributing, however, unwittingly, to the prolongation of the war they are fighting. For the enemy is stimulated to believe that the youth in America lack courage and that the present forces will never be enlarged but will soon be withdrawn from Vietnam. This would, of course, mean that the sacrifices already made have been in vain.

To the soldiers, sailors, airmen and marines in Vietnam, the cause for which they fight is human freedom — the right of people to independence and self-government. It is a principle that inspired acts of bravery in 1776 and in succeeding wars through our history, covering nearly two centuries.

Through The Years

THIRTY YEARS AGO — The Toby Jug, the first edition of a plant newspaper, was distributed to employes of the Homer Laughlin China Co.

C. H. Shone of Jennings Ave., an employe of the post office here for more than 30 years, was appointed clerk in charge of Station A in East End.

TWENTY YEARS AGO — Milford Gitschler was elected president of the Wellsville Boosters Club, succeeding Harry Kiggans.

The organization of a Junior High School Band in East Liverpool was launched, with Delbert Smoke as director and Ralph E. Johnson assistant.

TEN YEARS AGO — John Zubay, Charles Harris and Daniel Bekar were initiated into Cub Pack 7.

A five - man committee was appointed to study the proposed establishment of a chemical storage concern on Chester's former tin mill site.

Mrs. Wilma Tresler was named president and Mrs. Florence Hanse vice president of the L. G. Club.

New 43920 Headquarters

"Santa came a little early this year," was the happy reaction of Postmaster Samuel W. Brown to announcement of the long-awaited signing of a contract to build a new East Liverpool Post Office.

Postal workers have been hardpressed for space and modern mail handling procedures in the present Broadway facility, built in 1907. The Smith St. substation was acquired over 15 years ago for parcel post and other operations because the Post Office lacked sufficient area.

The new post office will provide improved mail handling and greater convenience to most patrons, and should alleviate traffic congestion. It should also stimulate a new development of Dresden Ave. in the neighborhood of the postal center.

Attention will be focused upon a proper use of the old post office, which the General Services Administration will dispose of once the postal operations are transferred. It is doubtful if any other federal agency would want to utilize the structure, and the GSA may offer it for municipal or educational purposes. The possibility of its housing a historical museum or pottery museum is also being contemplated.

Whatever its ultimate use, it should be in keeping with the "cultural area" designed for that Broadway section under the city's comprehensive plan.

There is every indication the contractor will get the postal project launched earlier than spring as reported by the Postal Department, and since the agreement calls for completion within 300 days, Santa in 1968 may be uncertain whether he'll be doing his mailing on Broadway or Dresden Ave.

Spanning The Years

Efforts to preserve Columbiana County's practical and picturesque covered bridges have drawn considerable acclaim from many over the years — from the distant visitor captivated by the unusual spans to the local residents for whom they inspire pleasant memories.

The Ohio Covered Bridge Committee, ever enthusiastic about these hardworking relics of the past, has adopted a resolution commending the East Liverpool Historical Society, County Engineer John Ursu and the Columbiana County Commissioners for their actions in maintaining the historic spans.

We agree with John A. Diehl, chairman of the OCBC, there is an educational and historical value in the covered bridges, and there is a feeling of pride and sentiment among most citizens for preserving the structures which are fast disappearing in America.

The Historical Society, Mr. Ursu and the County Commissioners, all of whom provide either funds, labor or other aid in reshingling the six spans, have truly discharged well their responsibilities toward the task of keeping the county's history tied to the present and future.

For the enemy is stimulated to believe that the youth in America lack courage and that the present forces will never be enlarged but will soon be withdrawn from Vietnam. This would, of course, mean that the sacrifices already made have been in vain.

To the soldiers, sailors, airmen and marines in Vietnam, the cause for which they fight is human freedom — the right of people to independence and self-government. It is a principle that inspired acts of bravery in 1776 and in succeeding wars through our history, covering nearly two centuries.

Through The Years

THIRTY YEARS AGO — The Toby Jug, the first edition of a plant newspaper, was distributed to employes of the Homer Laughlin China Co.

C. H. Shone of Jennings Ave., an employe of the post office here for more than 30 years, was appointed clerk in charge of Station A in East End.

TWENTY YEARS AGO — Milford Gitschler was elected president of the Wellsville Boosters Club, succeeding Harry Kiggans.

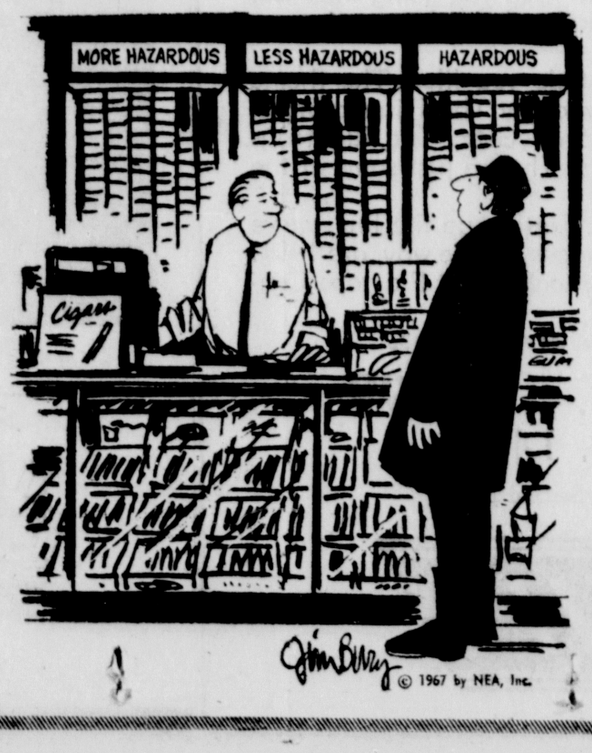

The organization of a Junior High School Band in East Liverpool was launched, with Delbert Smoke as director and Ralph E. Johnson assistant.

TEN YEARS AGO — John Zubay, Charles Harris and Daniel Bekar were initiated into Cub Pack 7.

A five - man committee was appointed to study the proposed establishment of a chemical storage concern on Chester's former tin mill site.

Mrs. Wilma Tresler was named president and Mrs. Florence Hanse vice president of the L. G. Club.

Famous Bronze Horse Termed 50-Year Fake

NEW YORK (AP)—The Metropolitan museum of Arts says its famous bronze horse, long considered a masterpiece of ancient Greek art, is a 50-year-old fake.

The museum startled 800 patrons attending a seminar on art forgery Wednesday night when it revealed for the first time that the horse it regarded as "the quintessence of the ancient Greek spirit," was merely a famous fraud.

The horse was probably cast in Paris shortly after World War I rather than in Greece around 470 B.C., the museum said.

The 15-inch statue purchased by the museum in 1923 was even acclaimed by the Encyclopedia Britannica for its beauty and grace. It was so famous and popular that several thousand plaster casts were made and sold. They are still on sale.

The museum doesn't know who the forger was but a thin line and a couple of holes gave him away, said James V. Noble, Metropolitan vice director for administration and the man who saw through the whole thing.

The line was a filed-down mold mark which proved the horse was cast in a process not developed until the 14th Century.

One of the holes was for an iron or bronze spike used on life-sized statues to chase birds away. It's unneeded on a 15-inch statue, Noble said. The other hole was for a bridle attachement but it was too far from its proper spot, Noble explained.

He first made these deductions in 1961, immediately took the horse off the museum floor and began an investigation that ranged through museums around the world.

6 Get Treatment In Emergencies

A city resident injured on a car door was treated Wednesday at City Hospital along with five others.

David A. Seevers of Ada St. sustained a contusion of the left hand on the door.

Also treated were Florence Whitehead of 1420 Sunnyside Ave., fractured left ribs in a fall on a floor; Donald J. Efaw, son of Mr. and Mrs. Donald Efaw of McCoy Ave., a contusion of the right eye when a golf ball exploded.

Anna Mae Wiles of Cannons Mills Rd., a chest and right knee injury in a fall in a ditch; Patricia A. Hester, daughter of Mr. and Mrs. Patrick Hester of 323 Thompson Ave., contusions of the hand and right wrist in gym class at school; Mrs. Gerald Mick of Lisbon RD 2, a sprain of the left ankle at home.

Constitutional Briefings Set

Pennsylvania Convention Committees Being Picked

HARRISBURG (AP) — The constitutional convention entered its last day of the week today, while, in off-the-floor action, President Raymond J. Broderick continued his task of selecting committee members.

Highlighting the agenda were two constitutional briefings and a ceremony to honor the state cabinet and other state executive branch officials.

Dr. David H. Kurtzman, superintendent of public instruction and a fiscal expert, lectured on taxation and finance.

William G. Willis, vice-president-secretary of Temple University, spoke on local government.

Meanwhile, Broderick and another prominent convention delegate, former Superior Court Judge Robert E. Woodside, remarked on the speed and apparent bipartisan spirit of the young convention.

"We've got a good group of delegates here who are anxious to get the job done," said Broderick, who also is Pennsylvania's lieutenant governor.

"We're off to an excellent start," Woodside observed.

This also marked the first time the five-day old convention operated under a permanent set of rules. The rules were adopted unanimously Wednesday after a floor fight over the minor judiciary.

The new rules empower, Broderick, after consultation with the three convention officers, to appoint 232 members to 24 committees — eight standing panels and 16 subcommittees.

Another key rule calls for seating of the 163 delegates on a strictly alphabetical basis.

The committee assignments of the delegates, including the names of the committee co-chairmen—one from each party —will be announced Monday.

Assisting Broderick in committee selections are Secretary James A. Michener and Vice-Presidents Robert P. Casey and Frank A. Orban Jr.

The rules, formulated by a 13-member preparatory committee and changed slightly by a temporary convention committee, were adopted on a vote of 150-0; 13 delegates were absent.

Before this, Theodore R. Laputka, R-Luzerne, sought to amend the rules and provide for a subcommittee for the minor judiciary question. His proposal fell, 17-131.

Laputka said the question dealing with justices of the peace, aldermen and magistrates was so important to deserve a separate committee.

But opponents of his proposal argued it would be better to approach the question as part of the overall section on the judiciary. Former Gov. William W. Scranton and former State Sen. Robert P. Casey led the fight against Laputka's amendment.

The three-month convention will offer recommendations on four controversial articles in Pennsylvania's constitution—the judiciary, apportionment, taxation and state finance and local government.

These recommendations will go on the primary ballot for approval or rejection by the voters.

In other activity Wednesday, the convention honored the state legislature and heard a briefing on the judiciary article from former Judge Burton R. Laub, dean of the Dickinson School of Law.

Laub told the delegates theirs was "an awesome task."

"I envy you your opportunities; I shudder at the magnitude of your responsibilities," he said.

Some of the questions he raised were: How do you keep the good judges and not the bad? Should the minor judiciary be abolished and another method devised? What will be the schedule for bringing about suggested changes?

During the ceremoney honoring the legislature, the delegates heard from Sen. Richard A. Snyder, R-Lancaster, and Rep. James J. A. Gallagher, R-Bucks.

SANTA and the PIGWIDGEN

By Lucrece Beale

Synopsis: Tweedleknees says he will go with Claus to find the Pigwidgen. He says the elves who are also under a curse will give them special weapons.

CHAPTER SIX

The Sopchoppy River cascaded through dark and fearful channels far beneath the earth. Claus lay flat on his stomach and clutched the sides of the matchstick raft.

The gushing waters surged around him and he thought every minute would surely be his last. But Patrick Tweedleknees, with only his firefly flashlight to see by, calmly poked the raft through the roiling flood with a long-handled broom.

At last the waters calmed and Claus dared to open his eyes. He saw a blue-lighted cavern ahead. The river flowed gently into the cave and Tweedleknees, leaping ashore, said, "This is Elfland."

Claus staggered off the raft. He was greeted by hundreds of elves. They shouted, "It's a giant! Tweedleknees has brought a giant!"

—:—

TWEEDLEKNEES explained crossly that Claus was not a giant but a perfectly ordinary man who meant to destroy the Pigwidgen who had cursed all the children and elves of the land.

The elvess gazed at Claus in awe.

"How brave he is!" they murmured. "How strong!"

"And I," said Tweedleknees jealously, "I am going to help him."

"We'll all help!" shouted the elves. "We'll give you the weapons to slay the Pigwidgen!"

They rushed off to the workbenches that filled the cavern. They set to work hammering and sawing and bolting and whittling and, all the time, singing at the top of their squeaky lungs.

"Use the magic with great care," urged the old elf.

"What are they making?" shouted Claus above the din.

"Who knows?" replied Tweedleknees. "Elves can make anything."

"'I like to make toys," said Claus modestly.

"'Elves make toys, too. In fact, it's their favorite thing."

Tweedleknees showed Claus to a huge storeroom filled with tricycles and hobby horses and wagons and dolls and fire engines and a hundred other toys.

"What do you do with them?" cried Claus admiringly.

—:—

TWEEDLEKNEES shrugged. "Store them here. It's a hobby. It keeps us busy."

"But think how children would enjoy them!" said Claus.

"Children are everywhere," reminded Tweedleknees. "Elves are here and cannot leave."

A gray-haired, spectacled elf tugged at Claus' sleeve. "We're finished now," he said. "See what we have made."

The elves gathered around and the old elf gave Claus four wondrous gifts.

First, a bow and an arrow which would always find its mark.

Second, a ring. When twisted three times it would cause a creature to change its shape.

Third, a mouthharp, the sound of which could charm the fiersest foe.

And finally, a dagger whose point had been dipped in a deadly poison.

Claus' heart pounded with excitement. With such weapons as these he could surely destroy the wicked Pigwidgen.

But the old elf warned, "There's one thing you must remember. The magic of each gift will work but once. Therefore use with care."

2 Cars Damaged In City Collisions

Two cars were damaged in minor traffic mishaps in East Liverpool Wednesday, police reported.

A 1965 model coupe operated by Willie James Cook, 28, of 716 Pennsylvania Ave. bumped a utility pole at Dewey and Harker Aves. about 12:04 p. m. Cook said he was backing and believed he had enough clearance to miss the pole. The mishap damaged the bumper and deck lid of the car. The Ohio Power Co. pole was undamaged, officers said.

A 1964 two-door sedan driven by David Michael Tarbuck, 23, of 1239 Oakwood Ave was damaged on the front when hit by a backing tractor - trailer on Walnut St. near Bradshaw Ave., officers said. The rig, owned by the Muskin Trucking Co. of East Palestine, was operated by Bruce E. Risenger, 37, of Denver, Colo.

Tarbuck told police he was halted behind the rig. Then the tractor - trailer began to back, striking the front of the car, he said.

Christmas carols originated in the 13th century, when traditional dance melodies were adapted to religious texts. Something livelier than the old Latin hymns and chants were welcomed by worshippers.

Ex-Resident Gets New City Post In Escondido, Calif.

David M. Brown, formerly of East Liverpool, will begin duties Jan. 1 as city manager of Escondido, Calif., resigning his $22,000 - a - year post as city administrator of South El Monte, Calif.

Son of Mr. and Mrs. A. J. Brown of W. 4th St., Brown has held the South El Monte post for 4½ years, during which the city won two national awards for civic improvement.

Brown, 35, received a bachelor's degree from Mount Union in 1954, served in the Army until 1956, and was granted a master's degree from Western Reserve University in 1958. He continued work on a doctor of philosophy degree at the University of Minnesota, and needs only to complete his dissertation.

He served as an aide in the Los Angeles County administration, then worked for the Bureau of Municipal Research in Oregon, and was employed at Arcadia, Calif., before going to South El Monte.

Escondido has a population of 30,000, a city staff of 200 and annual budget of $5 million. He and his wife, Rosemary, have two sons and a daughter.

Eels start life as transparent larvae only ¼-inch long.

Mr. and Mrs. William L. Robertson are residing in Midland following their marriage Nov. 25 at 2 p.m. at Presentation Catholic Church.

The bride is the former Miss Suzanna Meyers, daughter of Mrs. William Dye of Midland and George Meyers of Midland. The bridegroom is the son of Mr. and Mrs. William A. Robertson of Midland.

The Rev. Stephen J. Burdis, pastor, officiated at the double-ring ceremony before an altar adorned with vases of white gladiola. The bridegroom's aunt, Mrs. William Dick of Cleveland, was soloist and organist.

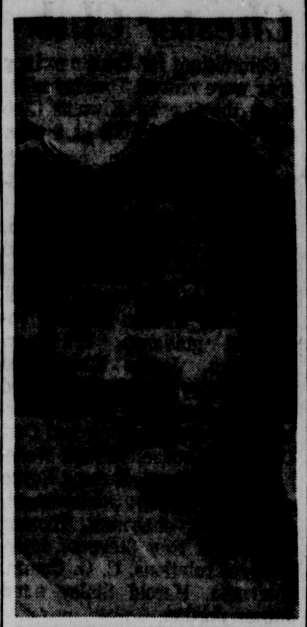

Given in marriage by her brother, William Meyers of Glastonbury, Conn., the bride was attired in a gown of white peau de soie fashioned with fitted bodice, long - tapered sleeves, and straight skirt accented with alencon lace. A full chapel-length train attached to an overskirt was also accented with alencon lace. A cluster of peau de soie petals with tiny seed pearls held her silk illusion fingertip veil. She carried a cascade arrangement of white carnations centered with white velvet rope ribbons.

She wore a single strand of pearls, a gift of the bridegroom.

The bride observed all of the usual wedding traditions. A blue garter was the gift of Miss Connie D'Itri of Midland.

Mrs. Ella Mae Udon of Industry was the matron of honor. The bridesmaids were Mrs. Becky Meyers of Glastonbury, her sister-in-law; Miss Barbara Robertson of Midland, sister of the bridegroom, and Miss Marie Clark of Aliquippa and Miss Debbie Wynn of Industry, cousins of the bride. The attendants were attired in floor-length A-line gowns of peacock blue crepe, fashioned with empire bodices, elbow - length sleeves, scooped necklines, and accented with embroidered lace flowers. Back panel - trains were also accented with embroidered lace flowers. The attendants carried bouquets of yellow carnations and pompons centered with peacock feathers. Their four-tiered veils were held in place by peacock blue roses.

John B. Udon of Industry was the best man. The ushers were Bruce Robertson and Richard Robertson of Midland, brothers of the bridegroom; Robert Skabo of Beaver Falls, and Pete Kohl of Midland.

MRS. WILLIAM ROBERTSON
Returns From Honeymoon.

The bride's mother wore a brown suit with beige and gold shell and matching hat. The bridegroom's mother wore a blue jackket dress with a rolled collar trimmed with tiny pearls.

A dinner reception was held at the Knights of Columbus Hall at Midland following the ceremony. A memory candle floral arrangement accented the bridal table. This was a gift of the godparents of the bride, Mr. and Mrs. Homer Wynn of Midland. The luncheon table was decorated with white nylon net trimmed with white satin bows. A cake knife was the gift of Mr. and Mrs. George Katocs of Industry.

For a honeymoon to Atwood Lake Lodge, Ohio, the bride chose a turquoise knitted suit with matching accessories.

Wedding Trip In Florida Follows Rites At Lisbon

Miss Cherie De Jane, daughter of Mrs. Bertha De Jane of 422 W. Maple St., Lisbon, and Eugene De Jane of Stockton, Calif., became the bride of Kenneth Earl Holwick, son of Mr. and Mrs. Kenneth Holwick of Calla Rd., Canfield, Nov. 25 at 1:30 p.m.

The Rev. Fredrick Shiltz officiated during the double-ring ceremony in the Lisbon First Methodist Church before the altar flanked by candelabra and vases of tiny white mums.

Nuptial music was presented by Mrs. Kenneth Everett, organist at Lisbon.

—:—

GIVEN IN marriage by her brother, Terry De Jane of Des Moines, Iowa, the bride was attired in a white on white brocade street-length jacket dress, designed with Peter Pan collar, three-quarter-length sleeves and three-button cutaway. A double Dior bow of white satin held her double eyelash veil and she carried a cascade of white mums.

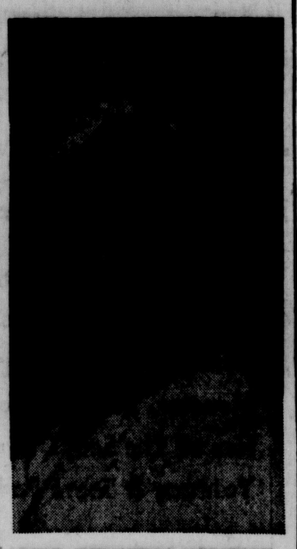

Mrs. Craig Glascott of Northfield served her sister as matron of honor. She wore a mum yellow suit, styled identical to the bride's with matching double Dior bow and eyelash veil. Her bouquet was of yellow fugi mums.

Hans Anderson of North Jackson was best man and Craig Glascott, brother-in-law of the bride, was usher.

The bride's mother chose a light blue crepe and lace ensemble with navy accessories. The bridegroom's mother wore a metallic gold dress with black and gold accessories. Each was complemented with a yellow orchid corsage. White carnation corsages were worn by the bridegroom's grandmothers, Mrs. Paul Holwick and Mrs. Earl Grate, both of Salem.

—:—

FOLLOWING the ceremony, a reception for the immediate families and friends was held in the Fellowship Room. Miss

MRS. KENNETH HOLWICK
Will Reside In Salem.

Deborah Jo Glascott, niece of the bride, registered the 35 guests.

The bride's table, overlaid in white linen, was centered by a large arrangement of bedded flowers, towered by silver bells and a miniature bride and groom. Miss Verna Clager of Niles, aunt of the bride, designed and made the centerpiece.

Presiding at the reception were Mrs. Hans Anderson, Mrs. Jack Davis and Miss Patricia Jarman.

For her honeymoon trip, the bride wore a moss green and white wool sheath ensemble with matching accessories.

The bride, a graduate of David Anderson High School at Lisbon, is employed at the McMillan Abstract Co. of Lisbon.

The bridegroom was graduated from Salem High School and is a machinist at the National Rubber Co. of Columbiana.

Upon their return from a wedding trip to Florida, the newlyweds will reside at Edgewood Acres, 2101 Monroe Ave., Salem.

Mr. and Mrs. Holwick, parents of the bridegroom, were hosts at the rehearsal dinner party at Parkview in Canfield Thanksgiving Day.

Wedding Trip In Florida Follows Rites At Lisbon

Miss Cherie De Jane, daughter of Mrs. Bertha De Jane of 422 W. Maple St., Lisbon, and Eugene De Jane of Stockton, Calif., became the bride of Kenneth Earl Holwick, son of Mr. and Mrs. Kenneth Holwick of Calla Rd., Canfield, Nov. 25 at 1:30 p.m.

The Rev. Fredrick Shiltz officiated during the double-ring ceremony in the Lisbon First Methodist Church before the altar flanked by candelabra and vases of tiny white mums.

Nuptial music was presented by Mrs. Kenneth Everett, organist at Lisbon.

—:—

GIVEN IN marriage by her brother, Terry De Jane of Des Moines, Iowa, the bride was attired in a white on white brocade street-length jacket dress, designed with Peter Pan collar, three-quarter-length sleeves and three-button cutaway. A double Dior bow of white satin held her double eyelash veil and she carried a cascade of white mums.

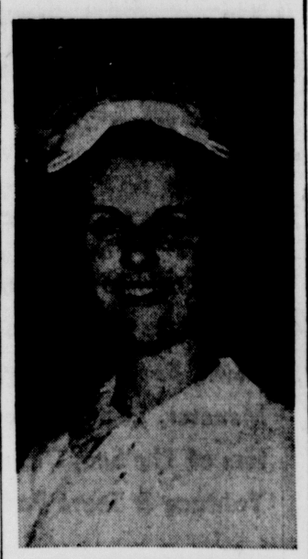

Mrs. Craig Glascott of Northfield served her sister as matron of honor. She wore a mum yellow suit, styled identical to the bride's with matching double Dior bow and eyelash veil. Her bouquet was of yellow fugi mums.

Hans Anderson of North Jackson was best man and Craig Glascott, brother-in-law of the bride, was usher.

The bride's mother chose a light blue crepe and lace ensemble with navy accessories. The bridegroom's mother wore a metallic gold dress with black and gold accessories. Each was complemented with a yellow orchid corsage. White carnation corsages were worn by the bridegroom's grandmothers, Mrs. Paul Holwick and Mrs. Earl Grate, both of Salem.

—:—

FOLLOWING the ceremony, a reception for the immediate families and friends was held in the Fellowship Room. Miss Deborah Jo Glascott, niece of the bride, registered the 35 guests.

MRS. KENNETH HOLWICK
Will Reside In Salem.

The bride's table, overlaid in white linen, was centered by a large arrangement of bedded flowers, towered by silver bells and a miniature bride and groom. Miss Verna Clager of Niles, aunt of the bride, designed and made the centerpiece.

Presding at the reception were Mrs. Hans Anderson, Mrs. Jack Davis and Miss Patricia Jarman.

For her honeymoon trip, the bride wore a moss green and white wool sheath ensemble with matching accessories.

The bride, a graduate of David Anderson High School at Lisbon, is employed at the McMillan Abstract Co. of Lisbon.

The bridegroom was graduated from Salem High School and is a machinist at the National Rubber Co. of Columbiana.

Upon their return from a wedding trip to Florida, the newlyweds will reside at Edgewood Acres, 2101 Monroe Ave., Salem.

Mr. and Mrs. Holwick, parents of the bridegroom, were hosts at the rehearsal dinner party at Parkview in Canfield Thanksgiving Day.

Group At Church Awards Honorary Memberships

Honorary memberships were awarded when the Women's Association of the Trinity United Presbyterian Church met Tuesday night in the Bethlehem Room.

Mrs. Dale Thornton was presented a pin and certificate from the commission of ecumenical missions of the United Presbyterian Church U.S.A. Current third vice president, she has served as recording secretary, group leader and world service chairman for the association and as a teacher in the Sunday School Department and deaconess for the church. The presentation was made by Mrs. Harold Dray.

—:—

IN THE FIELD of national missions, Mrs. Kenneth Johnson received a pin and certificate, with Mrs. J. Ralph Mackall making the presentation. She has served as president, group leader and world service chairman and has taught Sunday School for many years.

Mrs. Gordon Starkey conducted devotions, using the Christmas Scripture from St. Luke and a meditation, "What Can I Give Him?"

Group singing was accompanied by Mrs. Douglas McConnachie. The offering was received by Mrs. James Perkins and Mrs. Lester Hall.

Mrs. Richard Wallarab gave the prayer for missions.

The program, "Light Another Candle," was introduced by Mrs. Leonard Gamble, who prepared a circle of gold color tapers and another of red interspersed with pine to illustrate the theme.

Cutting the work of the various church departments were Mrs. George Fletcher, who spoke on the kindergarten class, and Mrs. James Stacey, who spoke on the primary department, with news from missions in Morris Fork, Ky.

Mrs. William Sutherland discussed the project of the Junior-Senior Hi department, the adoption of a 9-year-old Chinese boy, Min Ta, in Taiwan, China. This project is in conjunction with the Christian's Children's Fund, Inc.

Mrs. Robert Brewster, first vice president, opened business with prayer.

—:—

THE GROUP voted to add the name of the Rev. and Mrs. M. Rudolph Miller to the list of active missionaries.

Mrs. Stanley Rose outlined final preparations for the Christmas project at the County Home near Lisbon. The gifts were displayed on a table.

Annual monetary Christmas gifts will be mailed to the Rev. and Mrs. David Neeley in Cameroun, Africa; the Rev. and Mrs. Francis Younkin, Thailand; Dr. and Mrs. Dan Reynolds, Ethiopia, and Chang Lee, China.

Memorial flowers will be placed in the sanctuary Sunday in honor of the late Mrs. Margaret Telfer.

Refreshments were served by the Love Group under the direction of Mrs. Thornton. The buffet table was covered with a holiday cloth and featured Christmas appointments. The centerpiece, a white cage arrangement of miniature poinsettia and tinted green carnations, was flanked by red tapers. Mrs. Brewster poured at the silver service.

Dry New Year's Celebration Looming For Many Ohioans

COLUMBUS, Ohio (AP) — That grand old man known as 1967 soon slips behind the times, his parting gesture one of literal sobriety for many Ohioans.

In apparent collaboration with the Gregorian Calendar, the wizened year has seen to it that celebrants will sing "Auld Lang Syne" with empty cups—at least around the nightclub circuit.

New Year's Eve falls on a liquorless Sunday. Under stern state laws, nothing but 3.2 beer can pass over the bar.

So it appears many Ohioans will resort to hearth and home for ushering-in celebrations.

State liquor officials say the law will be enforced to the fullest measure and agents won't look the other way so that liquor violations might escape detection.

New Year's is no exception—"not even doomsday, I guess," said one disenchanted nightspot manager, who described as gloomy the prospects for initiating a gala tone for the first celebration of 1968.

Some club owners plan parties a night early. Others say they'll go ahead with Sunday night parties, but strictly on a teetotaling basis.

Minor Fire Reported

An overheated flue pipe on an oil heater at the trailer home of James Gardner of Blackhawk Village, Ohioville Borough, caused a minor fire Wednesday at 10:35 p.m., according to Fire Chief John Mosticone. The fire was extinguished by a neighbor before the department arrived. The damage was to the ceiling and insulation around the pipe leading to an addition to the trailer, the chief said.

Crucible Sets New Process In Tool Steel

The Crucible Steel Co. has developed a process for making what it calls "a new generation of tool steels."

The specialty steelmaker said Wednesday afternoon it has made a "breakthrough in the powder metallurgy field' with tool steels with cutting abilities and toughness 2½ times greater than conventional tool steel.

The company said it has joined Battelle Memorial Institute at Columbus, Ohio, to put the process into commercial use.

It should become "fully commercial in less than two years," predicted Crucible President John C. Lobb.

He said billets of "fully dense high speed tool steel" will be produced four times heavier pound eight-inch billets.

Army Reserves To Meet Tonight

Support of the national rifle and pistol matches will be discussed when Co. A, 7th Bn, 68th Armor of the 83rd Infantry Division of the Army Reserves meets tonight at 7:30 in the caucus room at City Hall.

Secretary of Defense Robert McNamara recently announced that the annual matches will be held in curtailed form at Camp Perry after an earier statement that they would not be conducted next summer. The competition was launched in 1903.

First Sgt. John B. Scales also said that "since today, Pearl Harbor Day, represents a day that will live in infamy," the role of the citizen soldier also will be discussed in relation to past conflicts and any that may occur in the future.

Air Center Found Innocent In Probe Of 16 Chute Deaths

NEW YORK (AP)—The Cleveland Air Route Traffic Control Center was found innocent Wednesday by the regional headquarters of the Federal Aviation Administration in its investigation of the parachute jump over Lake Erie Aug. 27 in which 16 persons were killed.

The FAA based its findings on the records, tapes and interviews with the pilot and controller.

The jumpers parachuted from an airplane into heavy clouds obscuring the lake.

The FAA said it found the two surviving parachuters at fault for violating FAA regulations by jumping into a cloud cover when they could not see the ground.

The FAA said it also had notified the plane's pilot, Robert B. Karns of Vermilion, Ohio, that it was considering revoking his pilot certificate.

Karns, contacted at home, said "I don't intend to give up my license."

He said he would contest the action.

Earlier in the day, Robert Coy, one of the two surviving jumpers, said the FAA asked him Tuesday to plead guilty to a charge of illegally jumping through a cloud cover.

"I feel they're asking me to show guilt so that it will absolve them in many suits now pending against them," he said.

He said the FAA told him it was willing to clear the matter if he pays a fine of $50.

Most of the Atlantic coast of North America is believed by geologists to be sinking to sea level at the rate of between one and two feet every 100 years, according to the Encyclopaedia Britannica.

Officers Elected For Motor Club

C. W. Furney, a Columbiana banker, was elected president of the Columbiana County Motor Club Wednesday night at Salem.

He succeeds Clifford Zimmerman of Salem, who was filling the unexpired term of the late Mark Klingensmith.

Others named were Paul Merwin of East Palestine and William Maple of Kensington, vice presidents, and Atty. Lynn Riddle of Lisbon, legal adviser and trustee.

The fastest time ever recorded for a day's run by a sailing ship is said to have been made by the American clipper ship, "Lightning," in 1854 when it covered 437 miles in 24 hours.

Shortage Of Home-Grown Cotton Now Feared In U.S.

WASHINGTON (AP) — A federal farm program to cure a cotton surplus headache has worked well—so well that the government and farmers now fear the nation may face a shortage of home-grown cotton.

The program has done in two years what it was expected to take four years to accomplish: make room in the market for a record large surplus.

Now, at the halfway point in its planned operation, the program has forced reductions in cotton supplies that have driven prices up, generated heavy speculation in cotton futures delivery markets and raised the threat of a shortage.

When the 1966 crop was planted there was a record large surplus of nearly 17 million bales—most of it tied up in government hands under grower price-support programs. At that time, domestic and export markets required only about 13 million bales a year.

Congress authorized a four-year program under which farmers would be offered substantial payments for cutting back sharply on production. This reduction was designed to make room in markets for the surplus.

The 1966 and 1967 crops were reduced sufficiently to allow markets to absorb all the surplus. This quicker-than-expected reduction in supplies, aided by bad weather, has been accompanied by sharp price advances.

The government recently announced the 1968 program would seek a 65 per cent increase ovr this year's very small crop of 7.9 million bales. It aims at encouraging growers to plant larger acreages by reducing the payments for idling land.

But many cotton industry leaders doubt the 1968 program will encourage as large an acreage as the government has recommended. Some are urging the Agriculture Department to revise the program by further reducing payment rates.

The price upturn this year is running counter to one of the purposes of the cotton program: To keep U.S. prices fully competitive with foreign cotton and with man-made fibers.

That price would need to average 21 cents a pound. But recently prices have been running close to 27 cents, a price officials say would put cotton at a market disadvantage.

Suit Filed To Declare W.Va. Congressional Setup Invalid

CHARLESTON (AP) — Five Republicans have asked the federal court to declare West Virginia's five congressional districts unconstitutional because of wide variance in their populations.

The suit, filed Tuesday, also asks that a preliminary injunction be issued to bar Secretary of State Robert D. Bailey from accepting certificates of candidacy from congressional aspirants in these districts.

Republican State Sen. Jack L. Miller of Parkersburg filed the suit in U.S. District Court for Southern West Virginia as counsel for A. K. Summers of Parkersburg, Del. George F. Beneke of Wheeling, Pleasants County Prosecutor Sam White of St. Marys, Del. B. Noel Poling of Ripley and Wallace G. Hayner of Huntington.

Miller himself is not a plaintiff.

Law requires proceedings in such cases to be held before a three-judge court. Judge John A. Field Jr. said he would advise Miller about a hearing date after getting in touch with two other judges.

The filing period for candidates who intend to run in the May 1968 primary is Jan. 1-Feb. 3. However, Gov. Hulett C. Smith has indicated he will include congressional redistricting on the agenda for the 30-day legislative session which opens Jan. 10.

The present five-district alignment was adopted by the 1963 legislature after a population decline caused loss of one of West Virginia's previous six seats in the House.

The suit points out that an exact equal division of the population in the five districts would result in a population of 372,084. Two of the districts have less than this mean figure, and three have more.

"Such disparity is an unreasonable classification and an unreasonable dilution of the vote of the citizens included therein," the suit points out.

Miller said the cost of the litigation is being borne by the five plaintiffs.

Prisoner Files Release Action

LISBON — Walter Keith Bell, 27, a Columbiana County prisoner at the Marion Correctional Institution, has filed a petition for vacation of sentence in Common Pleas Court.

Judge Raymond S. Buzzard sentenced Bell to 1 to 20 years in Ohio State Penitentiary June 28, 1961, for a forgery seven months earlier in East Liverpool.

Bell formerly resided at 1006 Commerce St., Wellsville. His file shows that he waived the right to have the charge considered by the grand jury, pleaded guilty to facts of the offense as presented by the prosecuting attorney and asked the court for immediate sentence.

The prisoner contends his constitutional rights were violated because he was not given counsel at the hearing.

Bell's permanent record card at the County Jail shows he was picked up Sept. 1, 1964, for parole violation and was returned to state authorities.

Youth Awaiting Death Penalty In Father Slaying

PAINESVILLE, Ohio (AP)—Sixteen-year-old Fred M. Esherick Jr. awaited today a sentence of death in the electric chair for the bayonet stabbing of his father in their home here last May 5.

The death penalty, last imposed in Lake County 40 years ago, was made mandatory by a jury verdict Wednesday night which found the boy guilty of first-degree murder without recommendation of mercy.

Common Pleas Judge John F. Clair Jr. adjourned court shortly before 10 p.m. without passing sentence. The jury of 10 men and two women had the case 12 hours before reaching their verdict.

Young Esherick, who spent his 16th birthday last Oct. 5 in jail, put his head in his hands and bent over in his chair, sobbing when he heard the verdict read.

His attorneys, Henry D. Rand Jr. and John S. Nelson, who tried to comfort him, said they would consider an appeal. Rand said he was confident "some action" would be taken to avert execution of Esherick, who would be one of the youngest persons ever to be electrocuted in Ohio Penitentiary.

The youth, a sophomore at Painesville Harvey High School when the crime was committed last spring, also was convicted of a second count that charged him with intent to kill his mother, Mrs. Aldona S. Esherick, 48.

Lisbon Grange Sets Yule Event

LISBON — The Junior Grange will be in charge of the program when Lisbon Grange holds its annual Christmas party Dec. 18 at 8 p. m. in the hall.

Plans were made for the event when the grange met Monday night, with Charles Harris, master, in charge. There will be a gift exchange and a visit from Santa. Members are to take "finger foods" for refreshments.

Clifford Shaw, lecturer, conducted the literary program and discussed the correct ritual for grange work. James Bates read a poem. The women served lunch.

Officers Elected For Motor Club

C. W. Furney, a Columbiana banker, was elected president of the Columbiana County Motor Club Wednesday night at Salem.

He succeeds Clifford Zimmerman of Salem, who was filling the unexpired term of the late Mark Klingensmith.

Others named were Paul Merwin of East Palestine and William Maple of Kensington, vice presidents, and Atty. Lynn Riddle of Lisbon, legal adviser and trustee.

The fastest time ever recorded for a day's run by a sailing ship is said to have been made by the American clipper ship, "Lightning," in 1854 when it covered 437 miles in 24 hours.

Shortage Of Home-Grown Cotton Now Feared In U.S.

WASHINGTON (AP) — A federal farm program to cure a cotton surplus headache has worked well—so well that the government and farmers now fear the nation may face a shortage of home-grown cotton.

The program has done in two years what it was expected to take four years to accomplish: make room in the market for a record large surplus.

Now, at the halfway point in its planned operation, the program has forced reductions in cotton supplies that have driven prices up, generated heavy speculation in cotton futures delivery markets and raised the threat of a shortage.

When the 1966 crop was planted there was a record large surplus of nearly 17 million bales—most of it tied up in government hands under grower price-support programs. At that time, domestic and export markets required only about 13 million bales a year.

Congress authorized a four-year program under which farmers would be offered substantial payments for cutting back sharply on production. This reduction was designed to make room in markets for the surplus.

The 1966 and 1967 crops were reduced sufficiently to allow markets to absorb all the surplus. This quicker-than-expected reduction in supplies, aided by bad weather, has been accompanied by sharp price advances.

The government recently announced the 1968 program would seek a 65 per cent increase ovr this year's very small crop of 7.9 million bales. It aims at encouraging growers to plant larger acreages by reducing the payments for idling land.

But many cotton industry leaders doubt the 1968 program will encourage as large an acreage as the government has recommended. Some are urging the Agriculture Department to revise the program by further reducing payment rates.

The price upturn this year is running counter to one of the purposes of the cotton program: To keep U.S. prices fully competitive with foreign cotton and with man-made fibers.

That price would need to average 21 cents a pound. But recently prices have been running close to 27 cents, a price officials say would put cotton at a market disadvantage.

Suit Filed To Declare W.Va. Congressional Setup Invalid

CHARLESTON (AP) — Five Republicans have asked the federal court to declare West Virginia's five congressional districts unconstitutional because of wide variance in their populations.

The suit, filed Tuesday, also asks that a preliminary injunction be issued to bar Secretary of State Robert D. Bailey from accepting certificates of candidacy from congressional aspirants in these districts.

Republican State Sen. Jack L. Miller of Parkersburg filed the suit in U.S. District Court for Southern West Virginia as counsel for A. K. Summers of Parkersburg, Del. George F. Beneke of Wheeling, Pleasants County Prosecutor Sam White of St. Marys, Del. B. Noel Poling of Ripley and Wallace G. Hayner of Huntington.

Miller himself is not a plaintiff.

Law requires proceedings in such cases to be held before a three-judge court. Judge John A. Field Jr. said he would advise Miller about a hearing date after getting in touch with two other judges.

The filing period for candidates who intend to run in the May 1968 primary is Jan. 1-Feb. 3. However, Gov. Hulett C. Smith has indicated he will include congressional redistricting on the agenda for the 30-day legislative session which opens Jan. 10.

The present five-district alignment was adopted by the 1963 legislature after a population decline caused loss of one of West Virginia's previous six seats in the House.

The suit points out that an exact equal division of the population in the five districts would result in a population of 372,084. Two of the districts have less than this mean figure, and three have more.

"Such disparity is an unreasonable classification and an unreasonable dilution of the vote of the citizens included therein," the suit points out.

Miller said the cost of the litigation is being borne by the five plaintiffs.

Prisoner Files Release Action

LISBON — Walter Keith Bell, 27, a Columbiana County prisoner at the Marion Correctional Institution, has filed a petition for vacation of sentence in Common Pleas Court.

Judge Raymond S. Buzzard sentenced Bell to 1 to 20 years in Ohio State Penitentiary June 28, 1961, for a forgery seven months earlier in East Liverpool.

Bell formerly resided at 1006 Commerce St., Wellsville. His file shows that he waived the right to have the charge considered by the grand jury, pleaded guilty to facts of the offense as presented by the prosecuting attorney and asked the court for immediate sentence.

The prisoner contends his constitutional rights were violated because he was not given counsel at the hearing.

Bell's permanent record card at the County Jail shows he was picked up Sept. 1, 1964, for parole violation and was returned to state authorities.

Youth Awaiting Death Penalty In Father Slaying

PAINESVILLE, Ohio (AP)—Sixteen-year-old Fred M. Esherick Jr. awaited today a sentence of death in the electric chair for the bayonet stabbing of his father in their home here last May 5.

The death penalty, last imposed in Lake County 40 years ago, was made mandatory by a jury verdict Wednesday night which found the boy guilty of first-degree murder without recommendation of mercy.

Common Pleas Judge John F. Clair Jr. adjourned court shortly before 10 p.m. without passing sentence. The jury of 10 men and two women had the case 12 hours before reaching their verdict.

Young Esherick, who spent his 16th birthday last Oct. 5 in jail, put his head in his hands and bent over in his chair, sobbing when he heard the verdict read.

His attorneys, Henry D. Rand Jr. and John S. Nelson, who tried to comfort him, said they would consider an appeal. Rand said he was confident "some action" would be taken to avert execution of Esherick, who would be one of the youngest persons ever to be electrocuted in Ohio Penitentiary.

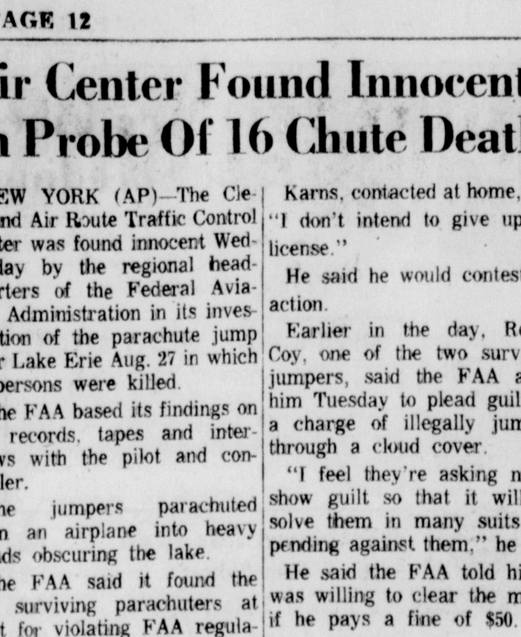

The youth, a sophomore at Painesville Harvey High School when the crime was committed last spring, also was convicted of a second count that charged him with intent to kill his mother, Mrs. Aldona S. Esherick, 43.

Lisbon Grange Sets Yule Event

LISBON — The Junior Grange will be in charge of the program when Lisbon Grange holds its annual Christmas party Dec. 18 at 8 p. m. in the hall.

Plans were made for the event when the grange met Monday night, with Charles Harris, master, in charge. There will be a gift exchange and a visit from Santa. Members are to take "finger foods" for refreshments.

Clifford Shaw, lecturer, conducted the literary program and discussed the correct ritual for grange work. James Bates read a poem. The women served lunch.

$56,550 Budget Set At Industry

A tentative budget of $56,550 was accepted by Industry Council Wednesday night.

The budget was presented the second time by James Muns, finance chairman. Mrs. Ann Parsons, secretary, was instructed to advertise the figures, which will be open for public inspection 10 days prior to the final adoption.

The new budget will not cause any change in the present tax structure, council said.

—:—

MEMBERS OF council and the Planning Commission were to confer today in Pittsburgh with William Stephens, district engineer of the Pennsylvania Department of Highways, in an effort to ascertain the proposed location of Route 68 in a future project.

The borough must obtain the information before progressing on construction of a recreation and park area.

Scheduled to attend the session were Homer Paul, Council president, and Councilmen William Ralph, James McGhee, Planning Commission chairman, and James Wright, planner, and Charles Holman, engineer, both of Michael Baker Jr., Inc., of Rochester.

Edward Walker of the Midland-Beaver Rd. was appointed to the planning commission to fill the unexpired term of Harry Craik, who moved from the borough. Walker's term will expire Dec. 31, 1969.

Gelando Malignani of Smiths Ferry RD 1 was appointed borough health and sanitation inspector. He also served in the same capacity for Ohioville Borough.

Councilman Ralph, chairman of the police and fire committee, reported a new cruiser was delivered Nov. 18. The radio will be installed Saturday. Mayor Steve Suchanec reported police logged 1,255 on their own cars prior to deivery of the vehicle and then 1,111 on the cruiser, for a total of 2,336 miles during November.

—:—

THE MAYOR'S police report showed 12 complaints, 5 accidents and 2 arrests during the month. The mayor said he appointed a 12 - man Mayor's Citizens Advisory Committee to meet monthly to discuss community problems and serve as a liason between residents and the local government.

The committee includes Charles L. Finley, who is serving as temporary president until election of officers, Nelson McClelland, Edward Sowers, John Gregor, Jesse Kinney, Fred Summers, Norman Lengyell, John Mehalik, Don Whitehead, Gene Snider, Anthony Kress and Earl Rankin.

Council announced one - way parking signs for the Willow-Vue Plan have been received and will be installed this weekend. Under the new arrangement, parking will be prohibited on Debbie Dr., Beaver Ave. and Friendship Dr. from midnight to 6 a. m. Parking also will be prohibited on the western side of Debbie Dr., the south side of Beaver Ave. and the east of Friendship Dr. during the remaining hours of the day.

The action was taken after a study was made which showed the streets are narrow and emergency vehicles could be hindered.

—:—

COUNCILMAN Ross Strohm, streets and roads chairman, was commented for his cooperation and assistance during his 17 - year service in borough government by Paul. Strohm will be leaving council at the end of the year. He was defeated by 15 votes at the Nov. 7 election.

In submitting his monthly road report for November, he said ashes have been stockpiled, ash boxes have been filled and rock salt has been piled for snow emergencies. He said he had been repairing road drains.

Paul announced a reorganizational meeting will be held Jan. 2 at 8 p. m. Ordinarily the meeting is on the first Monday of January, but was delayed because of the holiday. All other meetings will be the first Wednesday of each month at 7:30 p. m.

Bills totaling $10,111 were paid.

Publication Continues Despite Fire At Lisbon

LISBON — Publication went on as usual today at the Buckeye Publishing Co. on the Square despite a Wednesday night fire in the building.

Buckeye Publishing puts out the Lisbon Evening Journal and the Central Shopper and prints several weekly papers for neighboring communities.

Lisbon volunteer firemen extinguished last night's blaze, which broke out about 8:40, without extensive damage.

Employes spent the night mopping up the composing room and the paper storage hall between the loading dock and the new offset presses.

Telephones were still out of order this morning, but electrical service had been restored.

The fire apparently began in a metal trash bucket against the south wall in the paper storage area. The flames leaped up the wall, hit the ceiling and flared north into the dead space between the composing room ceiling and roof.

W. S. (Bill) Frew, managing editor, and Chester E. Kennedy, business manager, were at work in offices off the composing room. Kennedy saw a light in the paper storage hall, but did not realize it was a fire until he heard a crackling noise. He and Frew called the fire department and used fire extinguishers.

Firemen broke into the wall and wooden ceiling to get to the blaze. Smoke was dense in the building but employes and firemen were able to move equipment out of the fire area.

"We are lucky," Frew said. "Fire was visible through cracks in the tongue-and-groove wood ceiling all over the front of the shop."

W. S. (Bill) Frew, managing editor, and Chester E. Kennedy, business manager, were at work in offices off the composing room. Kennedy saw a light in the paper storage hall, but did not realize it was a fire until he heard a crackling noise. He and Frew called the fire department and used fire extinguishers.

Firemen broke into the wall and wooden ceiling to get to the blaze. Smoke was dense in the building but employes and firemen were able to move equipment out of the fire area.

"We are lucky," Frew said. "Fire was visible through cracks in the tongue-and-groove wood ceiling all over the front of the shop."

School Choirs At Midland Plan Christmas Program

Rehearsals are underway for the free community - wide Christmas Concert to be presented by four groups of the Music Department of the Midland School District, Sunday, Dec. 17, at 3 p. m.

The holiday program will be the second in a continuing series of musical events to be presented to the community through the efforts of the Midland Community Concert Committee, according to C. Lloyd Deffenbaugh, committee chairman and vocal music director of the Midland School District.

Participating in the Christmas Concert, to be held in the High School Auditorium, will be the eight member brass choir; the 45 members of the sixth grade choir from the 4th St. School; the 42 members of the 7th and 8th grade Girls's Choir; and the 40 member Mixed Choir of the high school.

In addition, there will be several organ presentations by the students.

Members of the Community Concert Committee, are, in addition to Deffenbaugh, Louis Morace, instrumental music; Miss Jean Musser, elementary music; Mrs. Dorothy Shovlin, business education, who is also the group's secretary; Sam Rosatone, superintendent of maintenance; Supt. Charles P. Henderson; John Shovlin, school board member and chairman events, and Sister Jeanne Mary, Presentation School principal and parochial representative.

Chester

desks in fair and poor condition totaling nearly 500.

Also to be sold were auditorium seats stored in the building when they were taken from the Chester High school, which is now a junior high facility. The company also took out 4-by-6-feet sheets of chalk board which it offered for $10 a sheet. In addition, there were two or three pianos, the official reported, and fluorescent fixtures which had been purchased by the parent - teacher association.

It was indicated the company would try to sell the equipment to a school district near Lake Milton. A Rogers church also was reported desiring to purchase some of the chalk boards.

All the equipment was in the school at the time of the fire, but apparently was undamaged for the most part.

Ninety sheets of plywood also were removed from the building.

—:—

AN OFFICIAL at United Excavating said, however, the school board had the opportunity and right to remove anything that was in the building, but he added, "they only wanted the old bell."

Geno Parisi, secretary-treasurer of the firm, said the company presently is completing final papers to return to the state and should begin demolition within two weeks.

After the school burned, residents signed petitions and pleaded for over a year with the school board to have it razed because it was a hazard. Children, they noted, played around the building and broke inside constantly, endangering themselves. In addition, on at least one occasion, dead pigeons were found around the building —apparently shot by youths playing.

Late in October, a Chester resident laid claim to the building, saying he has a deed to the property. At that time, County Prosecutor Floyd Tarr, speaking as legal adviser for the county school board, declared a deed on the property is not a clear reversion.

William Harper, an instructor at the Chester Junior High School, declared, "It does belong to me, and I have been paying taxes on it."

Harper reported then he would pursue action in the courts to have him declared the legal owner based on the deed's wording the property is generally warranted as long as it is used for school purposes.

—:—

SUPT. HALL said the board has a deed to the property, and as far as he's concerned, the board is the legal owner. It has made no decision concerning what to do with property once the building is razed.

Harper, in response to Tarr's allegation the deed does not indicate a reversion, said, "If he (Tarr) can twist it around then none of them (deeds) is any good. If I don't own this property, then every man's deed in the country is in danger."

Harper reported he is handling the dispute for Atty. William Ingram. He said Ingram purchased the deed from the Schrader heirs, who had given it to the Chester City Board of Education. The city school board merged with other county boards when the single board was created.

Harper told firemen after the blaze destroyed the building in 1966, he owned the building. The statement was taken as part of the official investigation into the cause of the blaze.

Besides the United Excavating bid, other bids received were: Acme Demolition and Wrecking Co., Youngstown, $7,242, and Ira W. Van Fossan of Chester, $4,500. Van Fossan's bid though had to be disqualified when it was learned he did not fulfill the specifications set forth by the board.

ingness to begin work whenever a crime was committed, even in the middle of the night.

Primm said the mounting work load at the law office forced his resignation. "I haven't been able to do both jobs to my satisfaction," he explained. He said he regrets about leaving, pointing out "'I have enjoyed the work itself and the association with Warren."

Bettis said he hopes to replace Primm with another man — a special assistant like the two now employed. He said he will try most of the felony cases but will assign the preparation of criminal cases to the special assistants in rotation.

Hearings Due 2 On Holdups

William L. Nesbitt, 19, of East Liverpool and George Deem Jr., 38, of 800 Broadway, Wellsville, are scheduled for preliminary hearings tonight at 6 before County Judge D. Barry Dickson at East Palestine on robbery charges filed by Sheriff Russell J. VanFossan.

The sheriff filed affidavits Nov. 28 charging the two with unarmed robberies Oct. 14 at Saltsman's Pharmacy in Calcutta and the Gilmore Service Station at Glenmoor Oct. 10. The charges allege they obtained $67 at the drugstore and $130 at the service station.

The sheriff's charges grew out of an investigation by East Liverpool police in which Deem and Nesbitt was charged in connection with an armed robbery Oct. 9 at the Little Diner on Harvey Ave., Klondyke.

The meeting also agreed upon a slate of seven delegates and altrnates at large to run on a statewide basis.

The delegate-at-large slate is comprised of Miss Pinsky, Dr. A. C. Macedonia of Steubenville, Frank Vanelle of Belmont County, Sanford Berman of Jefferson County, Gosney and Guy Mauro of Salem.

The slate of alternate at large will be comprised of Gayle Holcomb of Monroe County, Ronald Beight of Leetonia RD, Danny Johnson of Tuscarawas County, Kinsey Mellison of Harrison County, Dr. A. J. Antalis of Belmont County and Joe Hurst of Tuscarawas County.

In addition to his district post, Gosney is county Democratic chairman.

The district resolution in support of the President says:

"Be it resolved that we, the county chairmen, state central committeemen and committeewomen of the 18th District of Ohio do hereby endorse the renomination and re - election of President Lyndon B. Johnson and the entry of his name at the May 1968 primaries.

Be it further resolved that if he does not enter his name, then we suggest the name of Rep. Wayne L. Hays as a 'favorite son' by reason of his close association with the President before and since his service in the presidency and, therefore, the certainty of the delegation from Ohio voting for President Johnson on the first ballot."

Trial Continues In $25,000 Suit Against Dickson

LISBON — A Youngstown osteopath testified this morning in Common Pleas Court it is his opinion injuries Mrs. Mable M. Mansell of Lisbon RD 5 received in a traffic accident four years ago are permanent in nature.

Dr. James Blackann was the final witness called by counsel for Mrs. Mansel in her suit against D. Barry Dickson, judge of Coumbiana County Eastern Court at East Palestine.

The doctor said Mrs. Mansell received a whiplash injury in the collision and has inflammation of muscles in the neck and upper back.

A jury was seated Wednesday in the trial.

Mrs. Mansell seeks $25,000 for injuries allegedly received Aug. 2, 1963, in a two-car collision on Route 517 at the lower Ekton Rd., four miles east of Lisbon.

The plaintiff claims Dickson was driving too fast. He claims Mrs. Mansell failed to yield the right-of-way when she pulled onto Route 517 in front of him.

On the jury sworn in Wednesday by Judge Joe H. Sharp are Katherine O'Brien, Patricia Sloan, Janice Williams and Harriett Faulk, East Liverpool; Agnes Frantz and Martha Finney, Lisbon; George H. Bell Jr. and Russell Hackett Jr., Salem; Dorothy Keller, Columbiana; Janae Marshall, Summitville; R. G. Willison, East Rochester, and Eugene Stoffer, Homeworth. Clarence Ball, Lisbon, is the alternate.

School Choirs At Midland Plan Christmas Program

Rehearsals are underway for the free community - wide Christmas Concert to be presented by four groups of the Music Department of the Midland School District, Sunday, Dec. 17, at 3 p. m.

The holiday program will be the second in a continuing series of musical events to be presented to the community through the efforts of the Midland Community Concert Committee, according to C. Lloyd Deffenbaugh, committee chairman and vocal music director of the Midland School District.

Participating in the Christmas Concert, to be held in the High School Auditorium, will be the eight member brass choir; the 45 members of the sixth grade choir from the 4th St. School; the 42 members of the 7th and 8th grade Girls's Choir; and the 40 member Mixed Choir of the high school.

In addition, there will be several organ presentations by the students.

Members of the Community Concert Committee, are, in addition to Deffenbaugh, Louis Morace, instrumental music; Miss Jean Musser, elementary music; Mrs. Dorothy Shovlin, business education, who is also the group's secretary; Sam Rosatone, superintendent of maintenance; Supt. Charles P. Henderson; John Shovlin, school board member and chairman events, and Sister Jeanne Mary, Presentation School principal and parochial representative.

Chester

desks in fair and poor condition totaling nearly 500.

Also to be sold were auditorium seats stored in the building when they were taken from the Chester High school, which is now a junior high facility. The company also took out 4-by-6-feet sheets of chalk board which it offered for $10 a sheet. In addition, there were two or three pianos, the official reported, and fluorescent fixtures which had been purchased by the parent - teacher association.

It was indicated the company would try to sell the equipment to a school district near Lake Milton. A Rogers church also was reported desiring to purchase some of the chalk boards.

All the equipment was in the school at the time of the fire, but apparently was undamaged for the most part.

Ninety sheets of plywood also were removed from the building.

—:—

AN OFFICIAL at United Excavating said, however, the school board had the opportunity and right to remove anything that was in the building, but he added, "they only wanted the old bell."

Geno Parisi, secretary-treasurer of the firm, said the company presently is completing final papers to return to the state and should begin demolition within two weeks.

After the school burned, residents signed petitions and pleaded for over a year with the school board to have it razed because it was a hazard. Children, they noted, played around the building and broke inside constantly, endangering themselves. In addition, on at least one occasion, dead pigeons were found around the building —apparently shot by youths playing.

Late in October, a Chester resident laid claim to the building, saying he has a deed to the property. At that time, County Prosecutor Floyd Tarr, speaking as legal adviser for the county school board, declared a deed on the property is not a clear reversion.

William Harper, an instructor at the Chester Junior High School, declared, "It does belong to me, and I have been paying taxes on it."

Harper reported then he would pursue action in the courts to have him declared the legal owner based on the deed's wording the property is generally warranted as long as it is used for school purposes.

—:—

SUPT. HALL said the board has a deed to the property, and as far as he's concerned, the board is the legal owner. It has made no decision concerning what to do with property once the building is razed.

Harper, in response to Tarr's allegation the deed does not indicate a reversion, said, "If he (Tarr) can twist it around then none of them (deeds) is any good. If I don't own this property, then every man's deed in the country is in danger."

Harper reported he is handling the dispute for Atty. William Ingram. He said Ingram purchased the deed from the Schrader heirs, who had given it to the Chester City Board of Education. The city school board merged with other county boards when the single board was created.

Harper told firemen after the blaze destroyed the building in 1966, he owned the building. The statement was taken as part of the official investigation into the cause of the blaze.

Besides the United Excavating bid, other bids received were: Acme Demolition and Wrecking Co., Youngstown, $7,242, and Ira W. Van Fossan of Chester, $4,500. Van Fossan's bid though had to be disqualified when it was learned he did not fulfill the specifications set forth by the board.

ingness to begin work whenever a crime was committed, even in the middle of the night.

Primm said the mounting work load at the law office forced his resignation. "I haven't been able to do both jobs to my satisfaction," he explained. He said he regrets about leaving, pointing out "I have enjoyed the work itself and the association with Warren."

Bettis said he hopes to replace Primm with another man — a special assistant like the two now employed. He said he will try most of the felony cases but will assign the preparation of criminal cases to the special assistants in rotation.

J&L Boosts Prices

Hearings Due 2 On Holdups

William L. Nesbitt, 19, of East Liverpool and George Deem Jr., 38, of 800 Broadway, Wellsville, are scheduled for preliminary hearings tonight at 6 before County Judge D. Barry Dickson at East Palestine on robbery charges filed by Sheriff Russell J. VanFossan.

The sheriff filed affidavits Nov. 28 charging the two with unarmed robberies Oct. 14 at Saltsman's Pharmacy in Calcutta and the Gilmore Service Station at Glenmoor Oct. 10. The charges allege they obtained $67 at the drugstore and $130 at the service station.

The sheriff's charges grew out of an investigation by East Liverpool police in which Deem and Nesbitt was charged in connection with an armed robbery Oct. 9 at the Little Diner on Harvey Ave., Klondyke.

The meeting also agreed upon a slate of seven delegates and altrnates at large to run on a statewide basis.

The delegate-at-large slate is comprised of Miss Pinsky, Dr. A. C. Macedonia of Steubenville, Frank Vanelle of Belmont County, Sanford Berman of Jefferson County, Gosney and Guy Mauro of Salem.

The slate of alternate at large will be comprised of Gayle Holcomb of Monroe County, Ronald Beight of Leetonia RD, Danny Johnson of Tuscarawas County, Kinsey Mellison of Harrison County, Dr. A. J. Antalis of Belmont County and Joe Hurst of Tuscarawas County.

In addition to his district post, Gosney is county Democratic chairman.

The district resolution in support of the President says:

"Be it resolved that we, the county chairmen, state central committeemen and committeewomen of the 18th District of Ohio do hereby endorse the renomination and re - election of President Lyndon B. Johnson and the entry of his name at the May 1968 primaries.

Be it further resolved that if he does not enter his name, then we suggest the name of Rep. Wayne L. Hays as a 'favorite son' by reason of his close association with the President before and since his service in the presidency and, therefore, the certainty of the delegation from Ohio voting for President Johnson on the first ballot."

Trial Continues In $25,000 Suit Against Dickson

LISBON — A Youngstown osteopath testified this morning in Common Pleas Court it is his opinion injuries Mrs. Mable M. Mansell of Lisbon RD 5 received in a traffic accident four years ago are permanent in nature.

Dr. James Blackann was the final witness called by counsel for Mrs. Mansel in her suit against D. Barry Dickson, judge of Coumbiana County Eastern Court at East Palestine.

The doctor said Mrs. Mansell received a whiplash injury in the collision and has inflammation of muscles in the neck and upper back.

A jury was seated Wednesday in the trial.

Mrs. Mansell seeks $25,000 for injuries allegedly received Aug. 2, 1963, in a two-car collision on Route 517 at the lower Ekton Rd., four miles east of Lisbon.

The plaintiff claims Dickson was driving too fast. He claims Mrs. Mansell failed to yield the right-of-way when she pulled onto Route 517 in front of him.

On the jury sworn in Wednesday by Judge Joe H. Sharp are Katherine O'Brien, Patricia Sloan, Janice Williams and Harriett Faulk, East Liverpool; Agnes Frantz and Martha Finney, Lisbon; George H. Bell Jr. and Russsell Hackett Jr., Salem; Dorothy Keller, Columbiana; Janae Marshall, Summitville; R. G. Willison, East Rochester, and Eugene Stoffer, Homeworth. Clarence Ball, Lisbon, is the alternate.

Downspouts Involved

Chester Tackles Sewer Problem

Action has been launched to correct a sewer problem in Chester following a directive from a West Virginia state official and new complaints from a group of residents in the area concerned.

Involved are downspouts from three buildings which now empty into a sewer line on Virginia Ave.

—:—

DOUGLAS FOLEY of the West Virginia Pollution Department visited Chester Wednesday and notified the city the three places in question — the Church of Christ, Bell Research and Nickles Bakery — would have to remove the spouts to rectify the complaints, which he labeled "completely justified." He informed the Chester Water and Sewage Board he will return in January and recheck the situation.

The board's attorney, Edwin Flowers, also called for immediate alleviation of the problem.

Then, at the board's meeting last night, a delegation of residents from Virginia Ave. again asked for action. Mrs. Martha Hewitt, Mr. and Mrs. Cliff Huff and James Moore appeared to restate the complaint. They pointed out that if the volume of water flowing through the sewers becomes heavy, especially during rainstorms, the sewers back up, with resulting problems.

—:—

THE BOARD some time ago requested the three establishments to remove the spouts from the sewer, but no action has been forthcoming, members explained.

As a followup to adoption last night by a motion by board member Roy Cashdollar, the water, sewage and street departments were checking today to determine just what is hooked into the sewer line in the vicinity of 2nd St. and Virginia Ave.

The board agreed to reimburse one resident for plumber's charges after it determined the difficulty experienced was in the city's lines and not that of the property owner. J. M. Weir told the city he recently experienced a clogged sewer line and hired a plumber, who could not rectify the problem. The sewage department said it determined one of the city's lines in the area was clogged.

The city will grant Weir $40 for plumber's fees.

On a motion by member Frank Weaver, Leonard Cowey, sewage plant operator, was authorized to submit estimates for improvements at the sewage plant.

The improvements will be handled by excess funds in the construction of the plant and will be used for both the water and sewage departments. The excesses amount to nearly $23,000.

Cowey will submit the estimates as soon as the various companies asked to supply them respond.

—:—

MAYOR Burton Ward, who presided, read a letter from the insurance engineer for the Taylor, Smith and Taylor Co. inquiring whether the city has removed a standpipe the company requested be taken out some time ago.

The company claims the standpipe reduces the volume of water from the reservoir, thus preventing the firm from meeting fire insurance specifications.

The city, learning the company will not pay for removing the pipe which the board recently re-installed, took no action on the matter.

Holidays Spending Spree Needed

Education Funds Periled By Lagging Liquor Sales

COLUMBUS, Ohio (AP)—The State Department of Education's Christmas stocking may not be as full as expected, unless Ohioans go on a spending spree at state liquor stores during the holidays.

State Liquor Director Donald C. Cook warned Wednesday that education may not get all of a promised $25 million bonus because of sagging liquor sales and the illegal transport of liquor into Ohio.

Cook said a "wet" Christmas could salvage the Liquor Department's plan to give education the huge bonus. But it presently is endangered because of higher prices of liquor in state stores and bootleggers.

In 1966, the department supplied $67 million for education. Liquor prices were boosted an average of 11.3 per cent per bottle in state stores last July. Cook said the price hike was designed to provide a bonus for education.

But it may backfire.

Cook said Ohioans are not drinking less, but are finding out-of-state dealers to sustain their imbibing spirit at a smaller cost.

The real headache right now, says Cook, is caused by Ohio River "runners" bringing liquor into the state from Kentucky, famed for its bourbon.

Liquor is cheaper in Kentucky.

And, Cook said, some Kentuckians are placing ads in Cincinnati newspapers, promising home delivery if liquor is purchased by the caseload. Some even offer a 10 per cent markdown on liquor by the case.

"The liquor is legal, but its transportation is not," Cook said.

Under Ohio law, a person over 21 can bring into the state only one quart of liquor a month purchased legally outside Ohio.

Liquor enforcement agents and local police are now concentrating to stop the Ohio River runners. They hold periodic auto checks at river crossings, but so far only one arrest has been made.

Cook said since prices were hiked July 1, general revenue gallonage from that date until Nov. 30 was slightly over $4.9 million—down almost $500,000 from the same period in 1966.

Marine Corps Unit Sends Two To Area Session

Two members of the Turkaly-Richards Detachment of the Marine Corps League at Midland attended division and state events over the weekend.

Participating in activities at Lancaster were Patrick Cody, senior vice commandant of the Pennsylvania League and local adjutant, and Paul Rice, Southwest Division commandant and local judge advocate.

They attended a drill by 55 Young Marines Saturday morning, then went to Harrisburg for a staff meeting. Dignitaries included the national senior vice commandant, John Kleinhaus, who is past Ohio commandant.

M. A. "Red" Hill, administrative assistant to the national commandant, advised the delegates of national happenings and plans for the coming year. He announced a Northeast Division Conference will be held at Spring Valley, N. Y., Sunday.

It was announced that membership has reached 76 per cent in the state, 20 per cent ahead of last year's total at this period.

Cody said the next staff meeting will be March 2 at the Penn-Harris Hotel at Harrisburg.

He also reported the local detachment has mailed over 50 pounds of supplies for a Vietnam Civic Action project. The materials were donated by the first grade class at the Chippewa Elementary School at Beaver Falls.

The meeting scheduled for tonight has been cancelled. The next will be announced.

Oak Glen Group Realizes $2,342 From Grid Stand

The Oak Glen Band Parents realized $2,342 from the refreshment stand sponsored during the football season.

The announcement was made by Mrs. James Allison, chairman, when the group met Monday night. Mrs. Allison expressed appreciation to those who helped staff the stand.

Claudius Ford, treasurer, announced a new piece of equipment has been purchased for the band and reminded that the band parents are selling candy and zip code books as fund raising projects.

Mrs. Robert Welch was appointed secretary, succeeding Mrs. William Bailey, resigned.

A public Christmas concert will be held Dec. 18 at 8 p.m. in the school, with James Buracchio, band director, in charge. Mrs. Robert Swain will be chairman of a bake sale following the concert.

The next meeting will be Jan. 8 in the high school. Mrs. Carl Riser is president.

Toastmasters Plan For Future Program

Plans for a program by the Public Relations Department of the Bell Telephone Co. in February were discussed at a meeting of the East Liverpool Toastmasters Club Wednesday night in the Ohio Valley Gas Co. offices.

Robert Harris received the bull - thrower award and James Lowe the most improved speaker award. James Cunningham was toastmaster, Ed Gray tabletopics, Robert Harris chief evaluator, James Lowe speech 2 and Brian Detweiler speech 1. Guests were James Werling and Ray Yanni.

Francis J. House, president, and Vincent Maola attended the meeting of the Steubenville club Tuesday night.

Two East Liverpool servicemen have been assigned to Co. C, 8th Battalion, 3d Brigade, with the Army at Ft. Knox, Ky.

They are Pvt. John R. Twyford, son of Mr. and Mrs. Ralph J. Twyford of 180 Beechwood St., and Pvt. Jerry W. Vaughn, son of Mr. and Mrs. James Vaughn of Williams Ave. Following completion of basic training, the men will receive an additional eight weeks of advanced instruction.

Marine Cpl. William J. Cooper, son of Mr. and Mrs. William Cooper of Hookstown RD 1, is serving with Marine Observation Squadron 6, a unit of the 1st Marine Aircraft Wing, in Ky Ha, Vietnam.

His squadron flies the UH-1E "Huey" helicopter on observation, medical evacuation and armed helicopter escort missions in support of U. S. and allied combat operations.

Sgt. John A. Carnes, son of Carl M. Carnes of Jackson St. and Mrs. Alice R. Carnes of Washington, Pa., is on duty with the 4258th Strategic Wing at the U-Tapao Royal Thai air base in Thailand.

Sgt. Carnes, a Strategic Air Command vehicle operator, was assigned to the Lockbourne base in Ohio before arriving in Thailand. He is a 1963 graduate of East Liverpool High School.

Robin L. Jackson, son of Mr. and Mrs. Robert Jackson of Lisbon, RD 5, has been promoted to Army private E2 after completing basic combat training at Ft. Knox, Ky.

Salvation Army At Weirton Plans For Hancock Aid

The Salvation Army at Weirton, which serves various Hancock County areas, is beginning to register families for Christmas dinners and toys for children of the needy.

Registration will be held each week day between 9 a.m. and noon through next Wednesday.

All applicants must register except those who are receiving assistance from the Department of Public Welfare. These families need not apply, since the department will send its list of families for assistance directly to the Salvation Army.

The place of registration will be at 794 Cove Rd. in Weirton.

The Army also is putting into operation a Christmas Clearing Bureau, where lists of names of families who will be receiving Christmas assistance for food, clothing and toys can be checked in order to avoid duplication in giving.

Organizations, churches, groups and individuals which will be assisting a family are urged to clear these names early in December and can do so by phoning or coming to the clearing office located at 794 Cove Rd.

Cleveland's Traffic Arrests 38% Lower

CLEVELAND (AP)— Arrests in Cleveland for traffic violations are running 38.3 per cent below a year ago for the first 11 months of 1967, a survey showed today. Translated into dollars, the dropoff meant a loss of about $360,000 in city income.

Police sources connected the slump in traffic court business with reduction of traffic squad manpower and elimination last April of a "blitz squad" of 43 men who patrolled in high-accident areas.

Police Arrest Demonstrators

CINCINNATI (AP) — Police dragged scores of anti - war demonstrators out of a hallway of the Federal Office Building today when they sat down outside the Armed Forces Induction Center.

The demonstrators—many of them bearded youths with long hair—were carried to a freight elevator and taken to the rear of the building where police had set up a mobile photographing unit.

Other demonstrators who sat down in the street to block the way for paddy wagons going to Central Police Station also were arrested.

Police warned each group of demonstrators that they were violating the law and asked them to leave before arresting them.

More than 40 had been arrested by 9:30 a. m. and perhaps 30 more remained in the hall.

Downspouts Involved

Chester Tackles Sewer Problem

Action has been launched to correct a sewer problem in Chester following a directive from a West Virginia state official and new complaints from a group of residents in the area concerned.

Involved are downspouts from three buildings which now empty into a sewer line on Virginia Ave.

—:—

DOUGLAS FOLEY of the West Virginia Pollution Department visited Chester Wednesday and notified the city the three places in question — the Church of Christ, Bell Research and Nickles Bakery — would have to remove the spouts to rectify the complaints, which he labeled "completely justified." He informed the Chester Water and Sewage Board he will return in January and recheck the situation.

The board's attorney, Edwin Flowers, also called for immediate alleviation of the problem.

Then, at the board's meeting last night, a delegation of residents from Virginia Ave. again asked for action. Mrs. Martha Hewitt, Mr. and Mrs. Cliff Huff and James Moore appeared to restate the complaint. They pointed out that if the volume of water flowing through the sewers becomes heavy, especially during rainstorms, the sewers back up, with resulting problems.

—:—

THE BOARD some time ago requested the three establishments to remove the spouts from the sewer, but no action has been forthcoming, members explained.

As a followup to adoption last night by a motion by board member Roy Cashdollar, the water, sewage and street departments were checking today to determine just what is hooked into the sewer line in the vicinity of 2nd St. and Virginia Ave.

The board agreed to reimburse one resident for plumber's charges after it determined the difficulty experienced was in the city's lines and not that of the property owner. J. M. Weir told the city he recently experienced a clogged sewer line and hired a plumber, who could not rectify the problem. The sewage department said it determined one of the city's lines in the area was clogged.

The city will grant Weir $40 for plumber's fees.

On a motion by member Frank Weaver, Leonard Cowey, sewage plant operator, was authorized to submit estimates for improvements at the sewage plant.

The improvements will be handled by excess funds in the construction of the plant and will be used for both the water and sewage departments. The excesses amount to nearly $23,000.

Cowey will submit the estimates as soon as the various companies asked to supply them respond.

—:—

MAYOR Burton Ward, who presided, read a letter from the insurance engineer for the Taylor, Smith and Taylor Co. inquiring whether the city has removed a standpipe the company requested be taken out some time ago.

The company claims the standpipe reduces the volume of water from the reservoir, thus preventing the firm from meeting fire insurance specifications.

The city, learning the company will not pay for removing the pipe which the board recently re-installed, took no action on the matter.

Holidays Spending Spree Needed

Education Funds Periled By Lagging Liquor Sales

COLUMBUS, Ohio (AP)—The State Department of Education's Christmas stocking may not be as full as expected, unless Ohioans go on a spending spree at state liquor stores during the holidays.

State Liquor Director Donald C. Cook warned Wednesday that education may not get all of a promised $25 million bonus because of sagging liquor sales and the illegal transport of liquor into Ohio.

Cook said a "wet" Christmas could salvage the Liquor Department's plan to give education the huge bonus. But it presently is endangered because of higher prices of liquor in state stores and bootleggers.

In 1966, the department supplied $67 million for education. Liquor prices were boosted an average of 11.3 per cent per bottle in state stores last July. Cook said the price hike was designed to provide a bonus for education.

But it may backfire.

Cook said Ohioans are not drinking less, but are finding out-of-state dealers to sustain their imbibing spirit at a smaller cost.

The real headache right now, says Cook, is caused by Ohio River "runners" bringing liquor into the state from Kentucky, famed for its bourbon.

Liquor is cheaper in Kentucky.

And, Cook said, some Kentuckians are placing ads in Cincinnati newspapers, promising home delivery if liquor is purchased by the caseload. Some even offer a 10 per cent markdown on liquor by the case.

"The liquor is legal, but its transportation is not," Cook said.

Under Ohio law, a person over 21 can bring into the state only one quart of liquor a month purchased legally outside Ohio.

Liquor enforcement agents and local police are now concentrating to stop the Ohio River runners. They hold periodic auto checks at river crossings, but so far only one arrest has been made.

Cook said since prices were hiked July 1, general revenue gallonage from that date until Nov. 30 was slightly over $4.9 million—down almost $500,000 from the same period in 1966.

Marine Corps Unit Sends Two To Area Session

Two members of the Turkaly-Richards Detachment of the Marine Corps League at Midland attended division and state events over the weekend.

Participating in activities at Lancaster were Patrick Cody, senior vice commandant of the Pennsylvania League and local adjutant, and Paul Rice, Southwest Division commandant and local judge advocate.

They attended a drill by 55 Young Marines Saturday morning, then went to Harrisburg for a staff meeting. Dignitaries included the national senior vice commandant, John Kleinhaus, who is past Ohio commandant.

M. A. "Red" Hill, administrative assistant to the national commandant, advised the delegates of national happenings and plans for the coming year. He announced a Northeast Division Conference will be held at Spring Valley, N. Y., Sunday.

It was announced that membership has reached 76 per cent in the state, 20 per cent ahead of last year's total at this period.

Cody said the next staff meeting will be March 2 at the Penn-Harris Hotel at Harrisburg.

He also reported the local detachment has mailed over 50 pounds of supplies for a Vietnam Civic Action project. The materials were donated by the first grade class at the Chippewa Elementary School at Beaver Falls.

The meeting scheduled for tonight has been cancelled. The next will be announced.

Oak Glen Group Realizes $2,342 From Grid Stand

The Oak Glen Band Parents realized $2,342 from the refreshment stand sponsored during the football season.

The announcement was made by Mrs. James Allison, chairman, when the group met Monday night. Mrs. Allison expressed appreciation to those who helped staff the stand.

Claudius Ford, treasurer, announced a new piece of equipment has been purchased for the band and reminded that the band parents are selling candy and zip code books as fund raising projects.

Mrs. Robert Welch was appointed secretary, succeeding Mrs. William Bailey, resigned.

A public Christmas concert will be held Dec. 18 at 8 p.m. in the school, with James Buracchio, band director, in charge. Mrs. Robert Swain will be chairman of a bake sale following the concert.

The next meeting will be Jan. 8 in the high school. Mrs. Carl Riser is president.

Toastmasters Plan For Future Program

Plans for a program by the Public Relations Department of the Bell Telephone Co. in February were discussed at a meeting of the East Liverpool Toastmasters Club Wednesday night in the Ohio Valley Gas Co. offices.

Robert Harris received the bull - thrower award and James Lowe the most improved speaker award. James Cunningham was toastmaster, Ed Gray tabletopics, Robert Harris chief evaluator, James Lowe speech 2 and Brian Detweiler speech 1. Guests were James Werling and Ray Yanni.

Francis J. House, president, and Vincent Maola attended the meeting of the Steubenville club Tuesday night.

Ceramic Gifts Suggested By Pottery Union Board

Twelve men, most of whom readily admit that they prefer to have their wives do the family Christmas shopping, today presumed to give this advice to shoppers, both male and female:

"Give ceramics for Christmas."

The doting dozen admittedly have an ax to grind, for they are the executive board of the International Brotherhood of Operative Potters, the union which represents workers in U.S. and Canadian potteries. They pointed out that, in addition to offering practically infinite choices, from specialty items to the finest table china, ceramic gifts have the added and appreciated factor of "being different."

"Sometimes some of us 'get in a rut' in our gift-giving habits," said the unionists in a resolution. "Now more imaginative shoppers are discovering the greater gift impact of sparkling ceramic ware. Many times an imaginative ceramic gift will delight the recipient at half the cost of what could be called 'a routine gift'."

Last year one imaginative husband on the board surprised his wife by having all the white sanitary fixtures removed from their bathroom and replaced with colorful new - styled fixtures.

The unionists, seeking to boost sales of their members' employers, warned against the flood of cheap imported ceramics which are certain to be immediately recognized for what they are by recipients.

The world's finest ware, dollar-for-dollar, is union - made right here in America, their statement, released from union headquarters here, declared.

Performed In Brooklyn Hospital

Heart Transplant Fails As 2-Week-Old Boy Dies

NEW YORK (AP) — Four grim men pushed their way into the small, crowded auditorium in the basement of Maimonides Hospital in Brooklyn. They had been up all night.

"I think, first of all, I'm sorry to have to report to you that we have bad news, not good news."

The speaker, Dr. Adrian Kantrowitz, 49, disclosed Wednesday that his 22-man medical team had failed in the second attempt in four days to transplant a human heart. The transplant of the healthy heart of a dead two-day old boy into the breast of a 2½-week-old boy was completed but the child died 6½ hours later.

"Really, it was quite unexpected," Dr. Kantrowitz said. The boy was doing "reasonably well," he said, but then the heart "stopped suddenly."

"We do not know at this time why this transplanted heart failed," he said.

Dr. Kantrowitz described the attempt as "unequivocally, a failure but said he and his team are planning to try such transplants again.

He insisted the attempted transplant had no connection with the South African operation four days ago in which the healthy heart of a 25-year-old woman killed in an automobile accident was successfully transplanted into a 55-year-old grocer.

Preparations for the Brooklyn operation started a week before the South African transplant, Dr. Kantrowitz said. Officials at Maimonides sent telegrams to 500 American hospitals seeking a suitable donor.

The older boy had already been born at the hospital but he had a defective valve on the right side of his heart which could not be operated upon. Then, Monday, the younger child was born in Philadelphia with brain damage that would kill him in two or three days.

With the consent of his parents, the newborn was rushed to Brooklyn. When he died the medical team began the 2¼-hour operation. The drama ended at 1 p.m. with the older child's death.

Bruce Foster Elected By Palestine Firemen

EAST PALESTINE — Bruce Foster of E. North Ave. was elected president of the East Palestine Fire Assocation Wednesday night at the fire station. He replaces Raymond Mollenkopf.

Other officers named were Lloyd Dunn, vice president; T. S. Hawk, secretary - treasurer, and Mollenkopf, trustee.

GI Threatens Suicide Unless Given Release

CHICAGO (AP) — A soldier from Ohio was taken into custody at O'Hare International Airport early today after, police said, he telephoned the Ohio governor's mansion and threatened to kill himself unless released from the Army.

Police turned the soldier, David Phillips, 19, of Mansfield, Ohio, over to military police who took him to Great Lakes Naval Hospital.

Officers said Phillips, calling from a booth at the airport, reached John McElroy, an aide to Ohio Gov. James A. Rhodes in Columbus who said he would do what he could to help. McElroy phoned the Suicide Prevention Center in Chicago, asking officials there to control the soldier, police related.

An unidentified airport security guard, noting the soldier sitting in the phone booth, told police the youth appeared worried so he asked if anything was wrong. The guard said the soldier reported he was absent without leave from the Army and that he would kill himself rather than return to it.

The islands of St. Pierre and Miquelon, about 10 miles south of Newfoundland, belong to France.

Ceramic Gifts Suggested By Pottery Union Board

Twelve men, most of whom readily admit that they prefer to have their wives do the family Christmas shopping, today presumed to give this advice to shoppers, both male and female:

"Give ceramics for Christmas."

The doting dozen admittedly have an ax to grind, for they are the executive board of the International Brotherhood of Operative Potters, the union which represents workers in U.S. and Canadian potteries. They pointed out that, in addition to offering practically infinite choices, from specialty items to the finest table china, ceramic gifts have the added and appreciated factor of "being different."

"Sometimes some of us 'get in a rut' in our gift-giving habits," said the unionists in a resolution. "Now more imaginative shoppers are discovering the greater gift impact of sparkling ceramic ware. Many times an imaginative ceramic gift will delight the recipient at half the cost of what could be called 'a routine gift'."

Last year one imaginative husband on the board surprised his wife by having all the white sanitary fixtures removed from their bathroom and replaced with colorful new - styled fixtures.

The unionists, seeking to boost sales of their members' employers, warned against the flood of cheap imported ceramics which are certain to be immediately recognized for what they are by recipients.

The world's finest ware, dollar-for-dollar, is union - made right here in America, their statement, released from union headquarters here, declared.

Performed In Brooklyn Hospital

Heart Transplant Fails As 2-Week-Old Boy Dies

NEW YORK (AP) — Four grim men pushed their way into the small, crowded auditorium in the basement of Maimonides Hospital in Brooklyn. They had been up all night.

"I think, first of all, I'm sorry to have to report to you that we have bad news, not good news."

The speaker, Dr. Adrian Kantrowitz, 49, disclosed Wednesday that his 22-man medical team had failed in the second attempt in four days to transplant a human heart. The transplant of the healthy heart of a dead two-day old boy into the breast of a 2½-week-old boy was completed but the child died 6½ hours later.

"Really, it was quite unexpected," Dr. Kantrowitz said. The boy was doing "reasonably well," he said, but then the heart "stopped suddenly."

"We do not know at this time why this transplanted heart failed," he said.

Dr. Kantrowitz described the attempt as "unequivocally, a failure but said he and his team are planning to try such transplants again.

He insisted the attempted transplant had no connection with the South African operation four days ago in which the healthy heart of a 25-year-old woman killed in an automobile accident was successfully transplanted into a 55-year-old grocer.

Preparations for the Brooklyn operation started a week before the South African transplant, Dr. Kantrowitz said. Officials at Maimonides sent telegrams to 500 American hospitals seeking a suitable donor.

The older boy had already been born at the hospital but he had a defective valve on the right side of his heart which could not be operated upon. Then, Monday, the younger child was born in Philadelphia with brain damage that would kill him in two or three days.

With the consent of his parents, the newborn was rushed to Brooklyn. When he died the medical team began the 2¼-hour operation. The drama ended at 1 p.m. with the older child's death.

Bruce Foster Elected By Palestine Firemen

EAST PALESTINE — Bruce Foster of E. North Ave. was elected president of the East Palestine Fire Assocation Wednesday night at the fire station. He replaces Raymond Mollenkopf.

Other officers named were Lloyd Dunn, vice president; T. S. Hawk, secretary - treasurer, and Mollenkopf, trustee.

GI Threatens Suicide Unless Given Release

CHICAGO (AP) — A soldier from Ohio was taken into custody at O'Hare International Airport early today after, police said, he telephoned the Ohio governor's mansion and threatened to kill himself unless released from the Army.

Police turned the soldier, David Phillips, 19, of Mansfield, Ohio, over to military police who took him to Great Lakes Naval Hospital.

Officers said Phillips, calling from a booth at the airport, reached John McElroy, an aide to Ohio Gov. James A. Rhodes in Columbus who said he would do what he could to help. McElroy phoned the Suicide Prevention Center in Chicago, asking officials there to control the soldier, police related.

An unidentified airport security guard, noting the soldier sitting in the phone booth, told police the youth appeared worried so he asked if anything was wrong. The guard said the soldier reported he was absent without leave from the Army and that he would kill himself rather than return to it.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Today I vowed to clean out my attic. I started out brimming with energy. I planned to get the job done by 5 p.m. Well, I ran into a box of letters from my old sweetheart (the man I nearly married) and there I sat for 4½ hours.

I ended up burning the letters but had I been a trouble-maker I could have done otherwise. The man who wrote the letters in now a prominent citizen in this community and his face would be fire-engine red if I'd shown them around.

The moral of my story is: Don't put anything in a letter that might sit in someone's attic for 25 years. — GALLANT ALDY.

Dear Gallant: Sounds as if the letters were fairly sizzling, which raises this question: Why do you congratulate yourself for destroying them? Had you shown them around you'd have wound up looking pretty scarlet yourself, Toots.

Vanishing Americana

Dear Ann: A great deal is said these days about international relations. What about people-to-people relations? What has become of those fine old qualities called kindness and courtesy? Once upon a time these two ingredients were essential to business success.

Today when you ask a waitress for service she tells you she only has two hands or she makes some other rude remark. Carrier boys throw your paper in the bushes, on the roof or in the mud and you can like it or lump it. Sales people are mouthy and indifferent. A promise to deliver merchandise means nothing. If you don't want to accept the merchandise when it comes, someone else will.

Why do we let 'em get away with it? What's the answer — DISGUSTED IN TAMPA.

Dear Tampa: Today we are experiencing a seller's market. This is one of the penalties we pay for prosperity. Jobs are plentiful. Good help is in short supply. More people have more of everything — except initiative and pride in achievement.

Nevertheless, I do not buy your sweeping generalities. There are still some courteous waitresses, gentle sales people and industrious newspaperboys around. Granted not as high a percentage as there used to be, but if you speak kindly you'll find them.

Show Her This

Dear Ann: When homosexuals ask if they should get married for any reason whatever tell them: "NO."

Right now I'm trying to figure out what to say to my wife. She knows something is wrong but she has no idea what the real problem is. I've started to tell her a dozen times but I can't get the words out.

Don't say I need psychiatric help. I have no desire to be straight. I just want out of this marriage. I'm being unfair to my wife and it's giving me a terrific guilt complex.

She wants a family. I don't. I'm happy only when I'm with my gay crowd. I thought marriage would "cure" me but I was wrong. I even went out cruising on our honeymoon.

Some people say writing the problem down on paper often produces a solution but it didn't for me. Tell me what to do. — A GUY.

Dear Guy: Hand your wife this column and tell her you are the "Guy."

There's a good chance that the marriage would be annulled. See a lawyer. If an annulment is out, a divorce is the answer. The sooner you free your wife to live a normal life with a man who can give her love and children, the better.

Man Gets Life Term On 2 Murder Counts

FREMONT, Ohio (AP)—Everett Lloyd Johns, 27, Sandusky was sentenced by a three-judge panel Wednesday to life imprisonment on each of two counts of first-degree murder.

Johns was charged with the fatal shooting of Galen Lorenz, 39, Fremont, and Mrs. Anna Mae Kuhns, 52, Clyde, whose bodies were found on a county road near Clyde last New Year's Day.

He changed his plea from innocent to guilty at the start of his trial last Monday, but the judges went ahead hearing testimony.

Miami Students Talk Back Home Via Radio

OXFORD, Ohio (AP) — An amateur radio station has been set up at Miami University mainly to enable students to talk to their parents back at home.

Miami students and faculty members along with Oxford residents have established the Amateur Radio Club of Miami which runs the station through "ham" operators in other cities.

The station specializes in providing a message service and one of its goals so far has been to try to contact homes of Miami's nearly 100 foreign students.

Rhodes Pays Los Angeles Brief Visit

LOS ANGELES (AP)— Ohio Gov. James A. Rhodes pays Los Angeles a brief visit for a speaking engagement today before moving on to Palm Beach, Fla., for the Republican Governor's Conference.

Rhodes arrives in California following an apparance in Dallas, Tex., Wednesday night as part of a cross-country tour which ends when he returns to Columbus this weekend.

In Dallas, Rhodes told newsmen he is not a candidate for the 1968 Republican vice presidential nomination.

Rhodes, who described his five - day, 8,000 mile journey as "a merchandising and marketing business trip to sell Ohio's business attitude and climate," also addressed the National Aviation Trades Association convention and the National Air Taxi Conference.

While here, Rhodes will address the California Chamber of Commerce.

Hints from Heloise

— By Heloise Cruse —

DEAR HELOISE: Since there are so many mothers nowadays who buy cute bassinets for their newborn babes, I would like to tell you how I make a darling little quilt for them. . . .

I have learned after 22 grandchildren that most grand-daughters don't want new things for use everyday. They like the stuff that they can just throw in the washing machine when needed.

I take a pillowcase — especially if its mate is worn or has been lost — and fill it with cotton batting or an old bath towel, which can be cut and inserted to the exact size. Pillowcases either patterned or plain can often be bought on sale in case some grandmothers wants to buy a new one for this purpose.

Then I use some warn or some pretty thread and either tie knots or make stitching as if I were quilting along the whole case.

The baby can either sleep on it or can be covered with this little quilt.

GREAT GRANDMA.

:-

I think this is about the greatest there is.

After all, most of us have washing machines or go to the local washateria. These quilts can be dumped, dunked, and bleached.

Thanks to you, Great Grandma! We all love you!

HELOISE.

DEAR HELOISE: Will you please ask the "needle woman" in every family to sew a piece of cloth tape inside all gloves and mittens and print the last name and home telephone number on it. Indelible ink should be used.

It makes me so unhappy to see all the lost gloves and mittens on walks, draped over cash registers or on the bus waiting to be claimed.

How nice to receive a phone call, "I've found your gloves today. . . ."

MRS. M.C.

-:-

Thanks for writing. White iron-on tape makes a dandy name tag, too. So quick and easy.

HELOISE.

DEAR HELOISE: I just discovered something good for my sewing basket.

I taped a small magnet in the bottom of my plastic pin box. It keeps the straight pins in so that they don't spill with the least movement when it's opened.

MRS. A. GLOTZBECKER.

DEAR HELOISE: I find I'm not as young as I used to be and it bothers me to lean over the bathtub to clean it.

So I bought a child's toy mop. After sprinkling some cleanser in the tub, I get out my little mop, wet it, and wipe away. And while I'm at it, I use the mop to get the spots off the tile wall over the tub.

I call it my "arm extender."

H.A.W.

DEAR FOLKS: Here's a little trick I learned last week:

While unzippering some cushions on a sofa and chairs for dry cleaning, I found them very hard to remove because the cloth had a rubber backing.

Then when trying to push the cushions back in, I found it more difficult to get them straight because the cushions were made of foam rubber.

Know what I did?

I took talcum powder and dusted the rubber backing of the fabric. The cushions slid in smooth as glass.

Also, the easiest way to insert a long cushion in one of these covers is to bend the cushion itself in the middle, then insert it and straight it out.

DEAR HELOISE: My granddaughter was always losing her hair roller picks. I solved that problem with a new plastic scouring pad.

Now she just jabs the picks in the pad when she takes them out of her hair. It's also colorful on the dresser and so handy.

Coming From 42 Nations

Flow Of Foreign Steel Adds To U.S. Problems

PITTSBURGH (AP) — There's a steady and growing flow of foreign steel into the United States adding to the problems of the nation's steel industry.

The shipments are coming from 42 nations.

Some of the countries are hardly considered steel-producing nations, for instance, Costa Rica, British Guiana and the Dominican Republic.

Five Communist-ruled nations are on the list: Poland, East Germany, Czechoslovakia, Yugoslavia and Lithuania.

If you live in a home built recently, chances are good the nails came from Japan. Japan leads all other nations in exporting steel to America.

Until a decade ago, this country exported more steel than it imported. The situation was reversed in 1959, and since then, foreign producers have steadily increased imports to America. Last year, imports hit a record 10.7 million tons, 11 per cent of U.S. steel consumption. Imports in the first nine months of this year ran 3 per cent ahead of last year.

In the current steel price increase in this country, fear has been expressed by some that higher domestic prices may push up imports.

Industry people say import tonnage will go up, but not because U.S. prices are going up. They say foreign prices will increase right along with domestic prices, and assert that any stepup in imports will be caused by worldwide economic factors which led to substantial foreign imports in the first place.

Wednesday, U.S. Steel Corp., the nation's biggest steelmaker, and second-ranked Bethlehem Steel Corp. announced their second price hike in a week. U.S. Steel went up $5 a ton on galvanized and aluminum coated sheets, and Bethlehem went up $5 a ton on galvanized sheets.

Last Friday, U.S. Steel boosted its price on cold rolled sheets, and a number of other producers, including Bethlehem followed suit.

Foreign producers are able to carve deeper inroads in the American market for the simple reason they can make steel cheaper because of lower labor costs.

"The Japanese could undersell us by $40 a ton if they wanted to," one Pittsburgh steel executive said.

But foreigners are having profit problems, too. A number of foreign steelmakers are getting subsidies from their governments just to keep above water.

Firemen Set Santa's Visit For Chester

Santa Claus will arrive in Chester Dec. 23 and distribute his annual treat to children of the community, it was announced Wednesday night during a meeting of the fire department, which sponsors the event.

Santa will arrive about 1 p.m. and will deliver his treats from a fire truck. Chief Alton Johnson said parents of shut-in children should contact any member of the department for Santa to make a personal visit.

Plans were discussed for a rummage sale in the spring.

A pre - planning session on fire procedures was conducted by Lee Haney. The sessions, which this week centered on action if a fire should break out at the Faulk Brothers Co., will be held each month to keep firemen alerted to correct procedures in the event of a call to a particular business or industry.

A safety booklet about to be published by the department will be delivered in about two weeks.

A class on smoke masks was conducted by George Cowey and Paul Doughty.

A book on firemen's laws was received.

Lunch was served 14 by John Woodruff, chairman, Ken Durbin and Cowey. The next meeting will be Jan. 3.

Hancock-Brooke Society To Hear Doctor Tonight

Dr. Sidney Kaplan, clinical director at Western State School and Hospital at Canonsburg, Pa., will address the Hancock-Brooke County Mental Health Society tonight.

The meeting will begin at 8 in the doctors' dining room at Weirton General Hospital.

Dr. Kaplan also is clinical assistant professor of pediatrics at Children's Hospital, Pittsburgh. He has been active in the field of mental retardation for 16 years.

Dr. Guy Frisk will be program chairman. Mrs. Audrey Litman is president of the society.

New Officers Are Installed By Veterans

Officers for 1968 were installed when the Beaver County Council of World War I veterans met at Midland American Legion Post 481 Wednesday night.

They are: commander, Andrew Kurtz of Monaca Barracks 738; senior vice commander, Jacob Jerome of Beaver Falls Barracks 717; junior vice commander, Leo Payne of Midland Barracks 2119; quartermaster, Walter Balser of Beaver Barracks 1726; chaplain, Harry Wisner of New Brighton Barracks 1215, and trustees, George Hartman of Beaver Falls, R. H. Leeper of Aliquippa Barracks 1053 and John Shannon of Midland. Luke Cadman of Midland served as installing officer.

Service officer Truman Rodfong of Midland discussed veterans' affairs.

Donora Receives U.S. Grant For Industrial Use

DONORA, Pa. (AP)—Donora was born from steel and lived on steel. And when the only steel mill closed, some thought Donora would die.

But the little Washington County town is making a comeback.

It took the first step Wednesday, almost six months after U.S. Steel Corp. closed its Donora Works, which had shrunk from a 5,000-man industry to one employing only 825 workers.

The Economic Development Association announced in Washington a grant of $1.5 million to Donora to bring industry into the community and plan for its commercial development.

It's hoped the plan will attract industry and create 2,800 new jobs.

The plan would develop 284 acres along the Monongahela River and 420 acres on an adjoining hill.

Along the river, plans call for construction of a recreation park and marina, shopping center, motel and restaurant and medium and heavy industry.

Homes and light industry will be built on the hill.

A development plan outlined in a study shows that the proposal has the potential of creating 2,839 jobs and bringing $45 million in investments to Donora.

Long Illness Fatal

NEW YORK (AP) — Cora Baird, who with her husband gave life and voice to the puppet characters known as the "Baird Marionettes", died Wednesday night after a long illness. She was 54. The Bairds became a television staple during the 1950s with their puppet characters. They also operated the Bil and Cora Baird Puppet Theater in Greenwich Village.

Lithographer Dies

PHILADELPHIA (AP) — Benton M. Spruance, 63, internationally known lithographer, painter and teacher who was a pioneer in color lithography, died Wednesday. He was chairman of the Fine Arts Department at Beaver College for 35 years.

Druids of ancient Britain decked their halls with boughs of holly to shelter sylvan spirits threatened by frost and chill winter winds.

Nick Pino is seven feet, one inch tall, Ray Lavender is seven feet even and Mike Barber is six feet, 11 inches tall.

Not surprisingly, they all play basketball. Somewhat surprisingly, they all play for the same team, Kansas State. Since none of them is particularly talented, Kansas State doesn't have a great team and the trio is not too widely known. A better known seven-footer is Lew Alcindor of UCLA, 7-1⅜. Lew, despite some shooting shortcomings, is possibly the best basketball player to come along in the history of the game, but 10 years ago he would have been considered a freak. Now there are lots of seven-footers dotting the college cage scene.

Even in high school players are growing to skyscraper heights. In last year's Dapper Dan Roundball Classic in Pittsburgh, the U.S. team sported Jim McDaniels of Kentucky, 7¾ and Dana Lewis of Weequahic, N.J., 6-10. McDaniels showed a great shot and was almost impossible to stop offensively, but needs to put on a little weight before he becomes the defensive intimidator that Alcindor is. Lewis, on the other hand, was a defensive tower of strength and a very strong rebounder, but he didn't look too strong on offense. In an all-star game in Eastern Pennsylvania later he scored well, however. McDaniels, who almost came to Cleveland State through the blandishments of Coach John McClendon, went to Western Kentucky and rounded up some other Kentucky high school stars to go there with him, assuring that the Hilltoppers will be a cage power in the years to come.

NO ONE HAS claimed that McDaniels or Lewis is an answer to Alcindor yet, but Fred Lewis, basketball coach at Syracuse, claims he has the answer in 6-11 Bill Smith. Smith is from the Rochester area, and was the outstanding player in the area last year, though his team did not win the section championship.

He is better defensively than McDaniels, and better offensively than Dana Lewis, but in my opinion he is not ready to play Alcindor head-to-head. I saw Smith play several times last year and also interviewed him for a feature story. He admitted he wasn't ready for Alcindor, but thought he might be able to play against centers like Manny Leaks of Niagara (6-8) or Sonny Dove of St. John's (6-7). Bill is a humble boy, with a sense of humor (Q. "Do you mind all the publicity and interviews?" A. "No, I get to meet a lot of people this way.")

Being seven feet tall is not an unmitigated blessing. Aside from being able to play basketball, there's not too much advantage to it. Smith recounted some of the disadvantages, such as having to have specially built beds, still too short; special chairs, high food bills and a bruised head from not ducking under doorways. Dave Newmark, Columbia's seven-footer, dropped out of school last season with a nervous breakdown. There are a lot of pressures on the tall man. Alcindor, who has the added pressures of being a Negro and a Catholic, seems to have borne up under the strain quite well.

Locals Return Diddle, M. Jones

By TURK PIERCE
Review Sports Editor

A high-scoring Bellaire St. John's team and a tall Pittsburgh Westinghouse club provide the opposition for the East Liverpool High School basketball team at the M.A. this weekend.

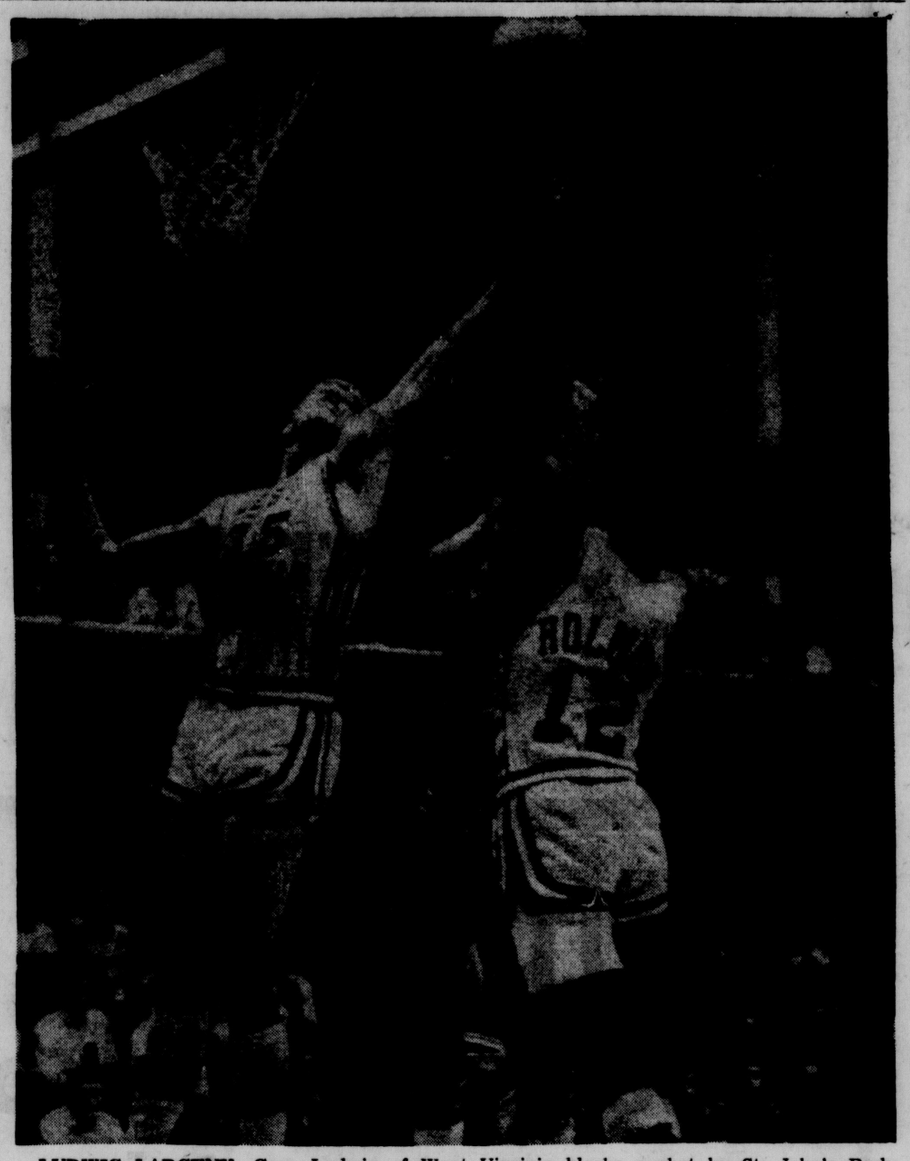

Reserve games on both Friday and Saturday nights will start at 6:30.

Clint McConnell's squad has been hit by injuries, but the picture is not altogether black for local followers. Two of last year's starters, 6-7 Mitchell Jones and 5-8 Earl Diddle, will be in the Potter starting array, along with 6-4 Bruce Christian and 6-1 Rick Steffen. The latter two are both juniors who played on the undefeated Potter reserve team a year ago. The other starter will be junior John Johnson, 6-1.

McConnell said that Johnson and Tom Chambers, 5-10, are specifically primed to stop Allen Hornyak, the St. John's shooter who has notched 78 points in the two opening wins by the Fighting Irish. Hornyak hit 45 as St. John's beat Bridgeport 89-77 and added 33 in a 74-68 win over River Local. Martin Lucki is the next best scorer for the down-river club. Hornyak's 45-point effort was a school record. He is a 6-1 junior lefty.

McConnell says that all the players for St. John's can shoot, but that they are not extremely tall and are not too tough defensively, preferring to play run and shoot. Three starters are 6-1, one 6-0 and one 5-8. He said he would not try to unduly slow down the pace of the game, but hoped that East Liverpool could adjust its defense to shut off the Irish scoring.

Westinghouse opened its season with a 83-56 loss to powerful New Castle. The Bulldogs are coached by Ed Fleming, who starred at Niagara U. and played for six years in the NBA. Fleming is in his first year as head coach for Westinghouse. The Pittsburgh club has good overall height, with Darrell Brown and Chris Jones at 6-5, Leon Wallace at 6-3, Bob Brown at 6-2 and Jackie Robinson 5-11. Wallace is only a sophomore, Darrell Brown a junior and the others seniors. Darrell Brown netted 17 and Jones 12 against New Castle. Last year East Liverpool whipped the Bulldogs 94-69.

Yogis Try Luck On Local Scholastic Cage Games

The Review staff of Yogis, not content with floundering through the football season, have decided to try their luck at basketball.

The selections this winter will be of the local variety, with only high school games being predicted. The prophets are the same motley crew, with the exception of Bob Poole, who was lost to the Navy.

Considering that most teams have barely gotten underway, the seers show a surprising togetherness. Everyone selects East Liverpool to win both its opening games except Bob Shaffer, who goes with Bellaire St. John's Friday night. Saturday night everyone favors East Liverpool over Pittsburgh Westinghouse.

Everyone selects Morgantown to extend Oak Glen's losing streak to three Friday night, and Shaffer stands alone in taking Midland over Johnstown Bishop McCort. Beaver Local, which is at North Lima Friday and hosts Crestview Saturday, is picked by everybody to win both games.

Wellsville is at Lisbon Friday and home against Jefferson Union Saturday and is the consensus pick for both games, but Rose Nuzzo goes against the Tigers in both cases. Turk Pierce is alone in taking Leetonia over United Saturday night and Nuzzo and Bob Duffy are in the minority of a 3-2 split. They like Southern Local, which hosts Springfield Local (Jefferson) Saturday night. Tom Futhey is with the consensus in every case.

Unseld Leads Louisville Over Kansas At Kansas

By TED MEIER
Associated Press Sports Writer

Westley Unseld appears headed for his greatest season in college basketball.

The 6-foot-8 All-America for the University of Louisville got the key baskets and the key rebounds in leading the Cardinals to a 57-51 victory over the Kansas Jayhawks Wednesday night.

A sellout 17,000 turned out at Lawrence, Kan., for the battle between the nationally third-ranked Cardinals and the fourth-ranked Jayhawks that headlined a busy night on the college hardwoods.

Unseld threw in 20 points, the same total as his teammate Butch Beard, but it was Unseld's free throw with 6:12 left that put Louisville ahead to stay at 45-44.

"While Beard meant a lot in the stretch," said Louisville Coach John Dromo, "the guy who was the real difference was Unseld. He got the key buckets and particularly the key rebound when we needed it. I thought our zone defense was fabulous in the clutch."

Jo-Jo White's layup put Kansas within 47-46, but as Owens put it "Louisville had the poise and the patience to make the plays when it mattered."

Fourth-ranked North Carolina and ninth-ranked Kentucky, the other teams in The Associated Press Top Ten to see action, enjoyed home court romps.

Larry Miller's 24 points led North Carolina over Kent State, despite a 41-point performance by Kent's Doug Grayson. Kentucky overwhelmed Xavier of Ohio 111-76 behind Phil Argento's 23 points for Coach Adolph Rupp's 363rd career victory. Rupp needs only nine to break the all-time record of 371 held by the retired Phog Allen of Kansas.

Duke, led by Steve Vandenberg's 23 points, crushed Michigan at Ann Arbor 93-72, but West Virginia pulled out a 65-63 home court triumph over St. John's of New York when Jim Lewis tallied three points in the last 48 seconds to erase a 63-62 Redmen lead.

In other major games Virginia Tech edged Wake Forest 71-67, American U. beat Navy 63-59, Cornell whipped Syracuse 88-70, Georgetown, D.C., upset St. Joseph's Pa. 86-74, Penn nipped Rutgers 71-70, Army squeaked past Seton Hall 74-70, Yale overcame Fordham 84-73, Tulsa tumbled North Dakota State 88-55, Oklahoma City defeated Southern Methodist 90-73 and Niagara Swamped Villa Madonna 114-76 behind 57 points by soph Calvin Murphy in his second varsity game.

Walter Johnson holds the American League record for pitchers leading the circuit in strikeouts. He was the whiff king 12 years between 1910-24.

Oak Glen Wrestlers Win, Brilliant Second Victim

The Oak Glen wrestling team took its second straight meet yesterday, pinning Brilliant 37-9.

Turning in pins for Vince Monseau's aggregation were Bill Wells, Gale Haddox, Frank Kryzs, Dave Chilenski and Kit Carson. Haddox, whom Monsea thinks has a chance to win the state title at 103 pounds, got the quickest pin of the day, in 1:44.

The Golden Bear reserves won 28-12. Friday evening the wrestlers will host Morgantown at 6, with the varsity basketball game against the same school to follow.

95 — Wells (OG) pinned McDonald 4:41

193 — Haddox (OG) pinned Frye 1:44

112 — Pitts (B) dec Gibson 14-6

120 — D Bednarek (B) dec LeMasters 5-0

127 — Porter (OG) dec Hamilton 5-0

133 — Wise (B) dec Burch 6-4

138 — F Miller (OG) dec Wentz 7-0

145—Kryzs (OG) pinned Garrell 3:09

Locals Return Diddle, M. Jones

By TURK PIERCE
Review Sports Editor

A high-scoring Bellaire St. John's team and a tall Pittsburgh Westinghouse club provide the opposition for the East Liverpool High School basketball team at the M.A. this weekend.

Reserve games on both Friday and Saturday nights will start at 6:30.

Clint McConnell's squad has been hit by injuries, but the picture is not altogether black for local followers. Two of last year's starters, 6-7 Mitchell Jones and 5-8 Earl Diddle, will be in the Potter starting array, along with 6-4 Bruce Christian and 6-1 Rick Steffen. The latter two are both juniors who played on the undefeated Potter reserve team a year ago. The other starter will be junior John Johnson, 6-1.

McConnell said that Johnson and Tom Chambers, 5-10, are specifically primed to stop Allen Hornyak, the St. John's shooter who has notched 78 points in the two opening wins by the Fighting Irish. Hornyak hit 45 as St. John's beat Bridgeport 89-77 and added 33 in a 74-68 win over River Local. Martin Lucki is the next best scorer for the down-river club. Hornyak's 45-point effort was a school record. He is a 6-1 junior lefty.

McConnell says that all the players for St. John's can shoot, but that they are not extremely tall and are not too tough defensively, preferring to play run and shoot. Three starters are 6-1, one 6-0 and one 5-8. He said he would not try to unduly slow down the pace of the game, but hoped that East Liverpool could adjust its defense to shut off the Irish scoring.

Westinghouse opened its season with a 83-56 loss to powerful New Castle. The Bulldogs are coached by Ed Fleming, who starred at Niagara U. and played for six years in the NBA. Fleming is in his first year as head coach for Westinghouse. The Pittsburgh club has good overall height, with Darrell Brown and Chris Jones at 6-5, Leon Wallace at 6-3, Bob Brown at 6-2 and Jackie Robinson 5-11. Wallace is only a sophomore, Darrell Brown a junior and the others seniors. Darrell Brown netted 17 and Jones 12 against New Castle. Last year East Liverpool whipped the Bulldogs 94-69.

Yogis Try Luck On Local Scholastic Cage Games

The Review staff of Yogis, not content with floundering through the football season, have decided to try their luck at basketball.

The selections this winter will be of the local variety, with only high school games being predicted. The prophets are the same motley crew, with the exception of Bob Poole, who was lost to the Navy.

Considering that most teams have barely gotten underway, the seers show a surprising togetherness. Everyone selects East Liverpool to win both its opening games except Bob Shaffer, who goes with Bellaire St. John's Friday night. Saturday night everyone favors East Liverpool over Pittsburgh Westinghouse.

Everyone selects Morgantown to extend Oak Glen's losing streak to three Friday night, and Shaffer stands alone in taking Midland over Johnstown Bishop McCort. Beaver Local, which is at North Lima Friday and hosts Crestview Saturday, is picked by everybody to win both games.

Wellsville is at Lisbon Friday and home against Jefferson Union Saturday and is the consensus pick for both games, but Rose Nuzzo goes against the Tigers in both cases. Turk Pierce is alone in taking Leetonia over United Saturday night and Nuzzo and Bob Duffy are in the minority of a 3-2 split. They like Southern Local, which hosts Springfield Local (Jefferson) Saturday night. Tom Futhey is with the consensus in every case.

Oak Glen Wrestlers Win, Brilliant Second Victim

The Oak Glen wrestling team took its second straight meet yesterday, pinning Brilliant 37-9.

Turning in pins for Vince Monseau's aggregation were Bill Wells, Gale Haddox, Frank Kryzs, Dave Chilenski and Kit Carson. Haddox, whom Monsea thinks has a chance to win the state title at 103 pounds, got the quickest pin of the day, in 1:44.

The Golden Bear reserves won 28-12. Friday evening the wrestlers will host Morgantown at 6, with the varsity basketball game against the same school to follow.

95 — Wells (OG) pinned McDonald 4:41

YOUR CAR
By Al Green

RADIAL PLY TIRES DID NOT MAKE THE grade on 1968 cars. One of the big three wanted to make radials standard equipment on two models, but quality control problems prevented this. They say the problems are now cleared up, but radials will wait for the 1969 cars.

IN OREGON MOTORCYCLISTS HAVE two new laws. Now they must have the cycle headlight on whenever the rig is operating, day or night. And all cyclists must wear an approved type helmet. Good ideas!

DRIVING YOUR CAR ABOVE 60 MPH requires absolute concentration. Here you gain the threshold of high speed. Only a good driver in an excellent condition car should ever reach a speed of 75 mph.

HAVE YOU TAKEN THE SAFE DRIVING pledge: "I pledge that I will obey all traffic laws and regulations at all times while driving or walking." Follow this pledge and cut your chances of having a wreck!

SOME NEW LICENSE PLATES WILL "heal themselves" when scratched. Made of galvanized steel and painted with durable enamel, the plates will not rust if scratched — the zinc coating sacrifices itself to cover the exposed steel!

LADIES, YOU CAN TRUST YOUR CAR TO us for service. I mean that. Bring your car into our service center here at M&A Motors Dodge, 570 Broadway Downtown next to Potters Savings Annex, East Liverpool. Plenty of free parking directly behind our new car building, and our trained experts will show you what needs to be done on your car. Never oversold, we keep you informed about your car's condition. St. Francis Wins, Vanlier Scores 27

By The Associated Press

Bill Snodgrass' basket with eight minutes to play broke a 49-49 tie and helped St. Francis to a 78-69 victory over Westminster.

Westminster led at the half 36-33, but the Frankies surged in the waning minutes behind Snodgrass' 20 points and Norm Vanlier's 27 at Altoona Wednesday night.

St. Francis is now 2-1, Westminster 1-1

St. Vincent, leading by 17 points in the second half, had to fight off a furious Washington & Jefferson rally to preserve an 80-72 victory in other Western Pennsylvania basketball action.

The Presidents knotted the score at 70-70 with 3:26 left before Tony Ostrosky put St. Francis in front to stay. Ostrosky and Joe Laufer each had 17 points for the winners, now 2-0. Washington & Jefferson's Rick Orwig took game honors with 21 points.

Waterford Perfecta Pays $1,724

For the second time in less than a week a perfecta race at Waterford Park paid better than $1,700.00. Last Saturday the 9-3 combination of Fort Laud and Smart Flyer returned $1,786.40 for 18 fans in the crowd. Yesterday there were only 10 fans who had the 9 and 8 combination of Drifting Lady and Bug Pacer. They received $1,724.80. The horse in the number 9 post position was the winner on each occasion for the last return.

The No. 9 winner in Wednesday's bonanza was Drifting Lady which paid $136.00 to win. Bug Pacer, the place horse in the winning combine, returned $8.20 to place.

Booster Club To Pick Officers

The Lady Potter Boosters Club, meeting Monday night at the YMCA, selected a committee to nominate officers.

Officers will be elected at the next meeting, Dec. 18, which will be a Christmas party at the home of Mrs. Mary Musuraca, 2601 St. Clair Ave.

In January the club will go to the gas company for a cooking demonstration and after the first of the year moth cakes will be sold.

President Alcie Johnson was in charge of Monday's meeting.

Seeks Grid Coach

NEWTON, Mass. (AP) — Boston College was seeking a new head football coach today to succeed Jim Miller, who resigned after six years in the post when the school declined to give him a new three-year contract.

Rams In Must Game Vs. Packers Saturday

By JACK HAND
Associated Press Sports Write

NEW YORK (AP) — "Our objective is to win. We're not building for the future. The only year we're concerned about is 1967. What good is it to have all young men of promise, like Kansas City's pitching staff, if you finish last?"

George Allen, coach of the Los Ageles Rams, spoke these words last August, before the National Football League season had started (and also before Kansas City's Athletics had moved to Oakland).

Allen's Rams come up to the first of two big games Saturday afternoon. If they don't beat Green Bay at the Coliseum, they can just about forget it for 1967. If the Rams lose, Baltimore can lock up the Coastal Division Sunday by beating New Orleans.

But a win for the Rams over the Packers would leave it all up to the Baltimore at Los Angeles game on the final day of the season, Dec. 17.

Everybody talks about the Rams' defense but that offensive line-up can't be overlooked. With Les Josephson and Dick Bass running the ball; plus occasional spot duty by ex-Viking Tommy Mason, the Rams rank No. 2 in the league in rushing offense.

Bernie Casey has been a tremendous help to Los Angeles, catching 43 passes and scoring six touchdowns. The former San Francisco 49er, who was traded to Atlanta during the off season and then traded to the Rams, has been Roman Gabriel's favorite target.

Incidentally, Bill Munson, Gabriel's backup quarterback, has thrown only 10 passes all season while apparently playing out his option. Gabriel goes all the way every game.

Clint Jones and Bubba Smith, Michigan State's two big stars of last year, are spear carriers in the NFL as rookies. Jones has carried only 12 times for 16 yards for the Minnesota Vikings but is the big man on kickoff returns. Smith rides the bench at Baltimore because Billy Ray Smith, 32, is having a big year at defensive tackle.

George Webster, the Michigan State defense ace, is doing a great job at linebacker for Houston's contending Oilers in the AFL.

Sonny Jurgensen must have the fastest gun in the NFL. The Washington Redskins' quarterback has been tossed for a loss only 19 times in 12 games and he has thrown 438 passes, an average of 36 plus passes a game .... Baltimore's passer has been smeared only 16 times but John Unitas has thrown only 381 times.

Jurgensen's percentage of completions (59.4 on 260 of 438), his yardage, (3,378), touchdown passes, (28) and percentage of interceptions (2.7) ar the best in the NFL. If any passer ever had three receivers running 1-2-3 in the league standings it is news to this corner. Sonny has Charley Taylor, Jerry Smith and Bobby Mitchell as the top three receivers.

Quarterback Lamonica Top Offensive Player

By HAL BOCK
Associated Press Sports Writer

Daryle Lamonica, who labored in the shade for an awfully long time, is enjoying his moment in the sun.

A backkseat quarterback for four frustrating seasons at Buffalo, Lamonica has emerged from the shadows and has led the Oakland Raiders to the threshold of their first Western Division title in the American Football League.

In a showdown with San Diego for the Western lead last Sunday, Lamonica gunned the Raiders to a 42-21 victory, completing 21 of 34 passes for 349 yards and four touchdowns. The performance made Lamonica The Associated Press' choice as AFL Offensive Player of the Week.

"I always felt my day was coming," says Lamonica, who backstopped Jack Kemp with the Bills before the trade last February which sent him to Oakland.

"I knew I had to serve my apprenticeship. My ultimate goal has always been to be a No. 1 quarterback, no matter how long it took."

How, he's not only No. 1 with the Raiders but No. 1 in the AFL.

Lamonica has completed 176 of 346 passes for 2,555 yards and a 50.9 completion percentage. His 26 touchdown passes are tops in the league. And his big day against the Chargers moved him into the top spot among the AFL's passers.

"I was initially shocked at the trade," says Lamonica of the deal which sent him to Oakland along with receiver Glenn Bass in exchange for quarterback Tom Flores and split end Art Powell. "It was a happy, pleasant surprise."

And a surprise was what Lamonica pullled on the Chargers. One of his TD passes was a 64-yard bullseye to Billy Cannon that came on third down with one yard to go for a first down.

"Yes, I think that pass to Cannon was the key," said Oakland Coach John Rauch. "It was third and one and we caught them off guard. Daryle called it in the huddle."

Bob McNea Honored By EL Jaycees

The East Liverpool Jaycees held Bob McNea night at the Boot and Saddle Club in Glenmoor last night and JC vice president Roger Babb presented the East Liverpool grid coach with a plaque.

The inscription on the plaque read "In Grateful Appreciation for Outstanding Service to the Community Through Service to Our Youth, East Liverpool, 9th in state, 8-1, 1967". McNea showed a film of the highlights of the season and answered questions from the audience.

McNea noted that football is a game of luck and that a coach is lucky if he has a winning season. A lot of organization is needed and the assistant coaches must work together for some time to achieve this. McNea said that home games bring revenue to the entire athletic program at the school, and that it was because of financial considerations that the Potters couldn't play teams like Niles and Massillon.

McNea said he was hoping for improvements to Patterson Field, although several improvements had been made since he had come to East Liverpool. He mentioned a new press box, moving the lights in back of the stands and a new track. Talking about the overall athletic program at the high school, he said that he would like to see tennis and swimming added.

Tart Allowed To Play For Oakland Oaks

PITTSBURGH (AP) — Lavern Tart will play for the Oakland Oaks tonight when they meet the Pittsburgh Pipers in an American Basketball Association game.

Pennsylvania Supreme Court Justice Michael A. Musmanno ruled Wednesday that the high-scoring Tart would play until the court rules on the Oaks' appeal of a ban on Tart.

Musmanno said the court will review the case in January. Musmanno set aside a court order by Judge John G. Brosky of Allegheny County Court.

Brosky ruled last Friday that Tart's contract last season with the Wilkes-Barre, Pa., Barons of the Eastern Basketball League gave the Barons an option on him this year. The Wilkes-Barre team had asked for an injunction against Tart playing for Oakland.

Leroy Keyes Tops College Scoring

NEW YORK (AP) — Leroy Keyes of Purdue led major-college football players in scoring during the 1967 season and O.J. Simpson of Southern California lead in rushing, according to statistics released today by the NCAA.

Keyes scored 19 touchdowns for 114 points, 18 more than his two closest pursuers, Roland Moss of Toledo and Dave Dickey of Arkansas. Simpson gained 1,415 yards rushing on 266 carries. Eugene Morris of West Texas State was second with 1,274 yards and Max Anderson of Arizona State was third with 1,188 yards.

Keyes and Simpson were also one-two in all-purpose running, which includes yards gained rushing, on pass receptions and on punt, kickoff and interception returns. Keyes totaled 1,870 yards and Simpson had 1,700 yards.

Fighter Of Month

NEW YORK (AP) — Dick Tiger, world light-heavyweight champion, Wednesday was named Fighter of the Month by Ring magazine for stopping Roger Rouse in the 12th round of their title bout.

Saban, Collier AFL All-Star Coaches

JACKSONVILLE, Fla. (AP) — Lou Saban, twice Coach of the Year in the American Football League, and his former assistant who succeeded him at Buffalo, Joe Collier, will coach rival teams in the AFL All-Star game Jan. 21 at Jacksonville.

They were named Wednesday by Milt Woodward, AFL president. Players for the two teams will be named in about 10 days.

Saban, 45, was Coach of the Year in 1964 and 1965 when he led the Buffalo Bills to league championships. He left the pro ranks for one year as head coach at the University of Maryland but returned this season as coach of the Denver Broncos.

Minnesota, Indiana Both Win In Overtime

By The Associated Press

Minnesota and Indiana, fighting for the lead in the American Basketball Association's Eastern Division, both had to work overtime to maintain the status quo Wednesday night.

The Muskies, ahead of the Pacers by one-half game, beat New Orleans 119-113 in overtime. Indiana also had to play an extra period before defeating Kentucky 100-97.

In the only other ABA game, Anaheim crushed Houston 124-100.

Mel Daniels scored five straight points in overtime to give the Muskies their road win. Erv Inninger got Minnesota the tie at the end of regulation time with 14 fourth-period points.

Bob Netolicky's basket in overtime gave the Pacers their road victory after the Colonels had tied the game at the end of the fourth period on Randy Mahaffay's basket with four seconds left.

Steve Chubin's 28 points led the Amigos to their road triumph. Anaheim scored 40 points in the third period to break the game open.

Bing Stars Again As Pistons Rally To Win

By The Associated Press

The up-and-coming young firm of Bing, Counts, Jones and Cunningham—specialists in the blazing finish—won courtroom battles all over the staid old National Basketball Association Wednesday night.

Everywhere, nice, quiet, predictable games were moving into the fourth quarter when suddenly things began to happen.

Dave Bing scored 15 points in the final period, leading Detroit to a 135-121 victory over Chicago. Mel Counts pumped in 15 in the fourth quarter as Los Angeles overtook Baltimore 136-125.

Sam Jones got 12 in the fourth period, sparking Boston's 115-113 squeaker over New York. And Billy Cunningham threw in 15 in the final period in Philadelphia's 108-107 comebacker over Cincinnati.

The Pistons got 44 points in the final period and moved within 2½ games of Boston, which leads in the Eastern Division by one-half game over Philadelphia. In all, Bing got 40 points. Bob Boozer topped Chicago with 30.

The Lakers were trailing the Bullets by 16 points with less than 10 minutes to play when they went on a spree, outscoring Baltimore 30-4 in the next 6½ minutes with Counts leading the way. He finished with 28 points and Jerry West had 32. Jack Marin's 27 points led Baltimore.

The Knicks carried a precarious lead over the Celtics into the opening minutes of the final period when Jones began to hit. He finished with 27 points as did Bailey Howell. Cazzie Russell and Willis Reed had 25 for New York.

The 76ers didn't move ahead for good until with a little more than 10 minutes left and, even after Cunningham's contribution, they had to survive a last-ditch rally by the Royals. Oscar Robertson of Cincinnati topped the scorers with 31 points while Wilt Chamberlain led the 76ers with 29.

S. D. St. Top Small Hoop Power

San Diego State and Kentucky Wesleyan are vieing for the leading small-college basketball position vacated by Southern Ilinois. But dark horse Southwestern Louisiana seems to be making a big pitch.

The Bulldogs from Lafayette, La. have beaten major opponents North Texas State and Baylor in their two starts this season, and are ninth in The Associated Press' first poll of the 1967-68 campaign.

San Diego State heads the ranking teams followed in order by Kentucky Wesleyan, Indiana State, Trinity, Tex., Akron, Evansville, Cheyney State, Winston-Salem, SW Louisiana and Long Island University.

Southern Illinois, the leader in the final small-college poll and the National Invitation Tournament winner last year, was given major-college designation by the U.S. Basketball Writers Association this season on the strength of its tougher schedule.

In the initial voting by a national panel of 12 sports writers and broadcasters, San Diego State drew three first-place votes and 52 points. The balloting, based on games through last Saturday, was on a point basis of 10 for a first-place vote, 9 for second, 8 for third, etc.

The Top Ten, with first-place votes in parentheses and total points on a 10-9-7-etc basis:

1. San Diego St. (3)	52
2. Kentucky Wesleyan (1)	46
3. Indiana State (1)	37
4. Trinity, Tex. (1)	31
5. Akron	30
6. Evansville (1)	29
7. Cheyney State	28
8. Winston-Salem	25
9. Southwestern La. (1)	23
10. Long Island U. (1)	21

St. Francis Wins, Vanlier Scores 27

By The Associated Press

Bill Snodgrass' basket with eight minutes to play broke a 49-49 tie and helped St. Francis to a 78-69 victory over Westminster.

Westminster led at the half 36-33, but the Frankies surged in the waning minutes behind Snodgrass' 20 points and Norm Vanlier's 27 at Altoona Wednesday night.

St. Francis is now 2-1, Westminster 1-1

St. Vincent, leading by 17 points in the second half, had to fight off a furious Washington & Jefferson rally to preserve an 80-72 victory in other Western Pennsylvania basketball action.

The Presidents knotted the score at 70-70 with 3:26 left before Tony Ostrosky put St. Francis in front to stay. Ostrosky and Joe Laufer each had 17 points for the winners, now 2-0. Washington & Jefferson's Rick Orwig took game honors with 21 points.

Waterford Perfecta Pays $1,724

For the second time in less than a week a perfecta race at Waterford Park paid better than $1,700.00. Last Saturday the 9-3 combination of Fort Laud and Smart Flyer returned $1,786.40 for 18 fans in the crowd. Yesterday there were only 10 fans who had the 9 and 8 combination of Drifting Lady and Bug Pacer. They received $1,724.80. The horse in the number 9 post position was the winner on each occasion for the last return.

The No. 9 winner in Wednesday's bonanza was Drifting Lady which paid $136.00 to win. Bug Pacer, the place horse in the winning combine, returned $8.20 to place.

S. D. St. Top Small Hoop Power

San Diego State and Kentucky Wesleyan are vieing for the leading small-college basketball position vacated by Southern Ilinois. But dark horse Southwestern Louisiana seems to be making a big pitch.

The Bulldogs from Lafayette, La. have beaten major opponents North Texas State and Baylor in their two starts this season, and are ninth in The Associated Press' first poll of the 1967-68 campaign.

San Diego State heads the ranking teams followed in order by Kentucky Wesleyan, Indiana State, Trinity, Tex., Akron, Evansville, Cheyney State, Winston-Salem, SW Louisiana and Long Island University.

Southern Illinois, the leader in the final small-college poll and the National Invitation Tournament winner last year, was given major-college designation by the U.S. Basketball Writers Association this season on the strength of its tougher schedule.

In the initial voting by a national panel of 12 sports writers and broadcasters, San Diego State drew three first-place votes and 52 points. The balloting, based on games through last Saturday, was on a point basis of 10 for a first-place vote, 9 for second, 8 for third, etc.

The Top Ten, with first-place votes in parentheses and total points on a 10-9-7-etc basis:

1.	San Diego St. (3)	52
2.	Kentucky Wesleyan (1)	46
3.	Indiana State (1)	37
4.	Trinity, Tex. (1)	31
5.	Akron	30
6.	Evansville (1)	29
7.	Cheyney State	28
8.	Winston-Salem	25
9.	Southwestern La. (1)	23
10.	Long Island U. (1)	21

A polemic is a controversial discussion; also, one who participates in one.

Rams In Must Game Vs. Packers Saturday

By JACK HAND
Associated Press Sports Write

NEW YORK (AP) — "Our objective is to win. We're not building for the future. The only year we're concerned about is 1967. What good is it to have all young men of promise, like Kansas City's pitching staff, if you finish last?"

George Allen, coach of the Los Ageles Rams, spoke these words last August, before the National Football League season had started (and also before Kansas City's Athletics had moved to Oakland).

Allen's Rams come up to the first of two big games Saturday afternoon. If they don't beat Green Bay at the Coliseum, they can just about forget it for 1967. If the Rams lose, Baltimore can lock up the Coastal Division Sunday by beating New Orleans.

But a win for the Rams over the Packers would leave it all up to the Baltimore at Los Angeles game on the final day of the season, Dec. 17.

Everybody talks about the Rams' defense but that offensive line-up can't be overlooked. With Les Josephson and Dick Bass running the ball; plus occasional spot duty by ex-Viking Tommy Mason, the Rams rank No. 2 in the league in rushing offense.

Bernie Casey has been a tremendous help to Los Angeles, catching 43 passes and scoring six touchdowns. The former San Francisco 49er, who was traded to Atlanta during the off season and then traded to the Rams, has been Roman Gabriel's favorite target.

Incidentally, Bill Munson, Gabriel's backup quarterback, has thrown only 10 passes all season while apparently playing out his option. Gabriel goes all the way every game.

Clint Jones and Bubba Smith, Michigan State's two big stars of last year, are spear carriers in the NFL as rookies. Jones has carried only 12 times for 16 yards for the Minnesota Vikings but is the big man on kickoff returns. Smith rides the bench at Baltimore because Billy Ray Smith, 32, is having a big year at defensive tackle.

George Webster, the Michigan State defense ace, is doing a great job at linebacker for Houston's contending Oilers in the AFL.

Sonny Jurgensen must have the fastest gun in the NFL. The Washington Redskins' quarterback has been tossed for a loss only 19 times in 12 games and he has thrown 438 passes, an average of 36 plus passes a game .... Baltimore's passer has been smeared only 16 times but John Unitas has thrown only 381 times.

Jurgensen's percentage of completions (59.4 on 260 of 438), his yardage, (3,378), touchdown passes, (28) and percentage of interceptions (2.7) ar the best in the NFL. If any passer ever had three receivers running 1-2-3 in the league standings it is news to this corner. Sonny has Charley Taylor, Jerry Smith and Bobby Mitchell as the top three receivers.

Quarterback Lamonica Top Offensive Player

By HAL BOCK
Associated Press Sports Writer

Daryle Lamonica, who labored in the shade for an awfully long time, is enjoying his moment in the sun.

A backkseat quarterback for four frustrating seasons at Buffalo, Lamonica has emerged from the shadows and has led the Oakland Raiders to the threshold of their first Western Division title in the American Football League.

In a showdown with San Diego for the Western lead last Sunday, Lamonica gunned the Raiders to a 42-21 victory, completing 21 of 34 passes for 349 yards and four touchdowns. The performance made Lamonica The Associated Press' choice as AFL Offensive Player of the Week.

"I always felt my day was coming," says Lamonica, who backstopped Jack Kemp with the Bills before the trade last February which sent him to Oakland.

"I knew I had to serve my apprenticeship. My ultimate goal has always been to be a No. 1 quarterback, no matter how long it took."

How, he's not only No. 1 with the Raiders but No. 1 in the AFL.

Lamonica has completed 176 of 346 passes for 2,555 yards and a 50.9 completion percentage. His 26 touchdown passes are tops in the league. And his big day against the Chargers moved him into the top spot among the AFL's passers.

"I was initially shocked at the trade," says Lamonica of the deal which sent him to Oakland along with receiver Glenn Bass in exchange for quarterback Tom Flores and split end Art Powell. "It was a happy, pleasant surprise."

And a surprise was what Lamonica pullled on the Chargers. One of his TD passes was a 64-yard bullseye to Billy Cannon that came on third down with one yard to go for a first down.

"Yes, I think that pass to Cannon was the key," said Oakland Coach John Rauch. "It was third and one and we caught them off guard. Daryle called it in the huddle."

Bing Stars Again As Pistons Rally To Win

By The Associated Press

The up-and-coming young firm of Bing, Counts, Jones and Cunningham—specialists in the blazing finish—won courtroom battles all over the staid old National Basketball Association Wednesday night.

Everywhere, nice, quiet, predictable games were moving into the fourth quarter when suddenly things began to happen.

Dave Bing scored 15 points in the final period, leading Detroit to a 135-121 victory over Chicago. Mel Counts pumped in 15 in the fourth quarter as Los Angeles overtook Baltimore 136-125.

Sam Jones got 12 in the fourth period, sparking Boston's 115-113 squeaker over New York. And Billy Cunningham threw in 15 in the final period in Philadelphia's 108-107 comebacker over Cincinnati.

The Pistons got 44 points in the final period and moved within 2½ games of Boston, which leads in the Eastern Division by one-half game over Philadelphia. In all, Bing got 40 points. Bob Boozer topped Chicago with 30.

The Lakers were trailing the Bullets by 16 points with less than 10 minutes to play when they went on a spree, outscoring Baltimore 30-4 in the next 6½ minutes with Counts leading the way. He finished with 28 points and Jerry West had 32. Jack Marin's 27 points led Baltimore.

The Knicks carried a precarious lead over the Celtics into the opening minutes of the final period when Jones began to hit. He finished with 27 points as did Bailey Howell. Cazzie Russell and Willis Reed had 25 for New York.

The 76ers didn't move ahead for good until with a little more than 10 minutes left and, even after Cunningham's contribution, they had to survive a last-ditch rally by the Royals. Oscar Robertson of Cincinnati topped the scorers with 31 points while Wilt Chamberlain led the 76ers with 29.

Minnesota, Indiana Both Win In Overtime

By The Associated Press

Minnesota and Indiana, fighting for the lead in the American Basketball Association's Eastern Division, both had to work overtime to maintain the status quo Wednesday night.

The Muskies, ahead of the Pacers by one-half game, beat New Orleans 119-113 in overtime. Indiana also had to play an extra period before defeating Kentucky 100-97.

In the only other ABA game, Anaheim crushed Houston 124-100.

Mel Daniels scored five straight points in overtime to give the Muskies their road win. Erv Inninger got Minnesota the tie at the end of regulation time with 14 fourth-period points.

Bob Netolicky's basket in overtime gave the Pacers their road victory after the Colonels had tied the game at the end of the fourth period on Randy Mahaffay's basket with four seconds left.

Steve Chubin's 28 points led the Amigos to their road triumph. Anaheim scored 40 points in the third period to break the game open.

Bob McNea Honored By EL Jaycees

The East Liverpool Jaycees held Bob McNea night at the Boot and Saddle Club in Glenmoor last night and JC vice president Roger Babb presented the East Liverpool grid coach with a plaque.

The inscription on the plaque read "In Grateful Appreciation for Outstanding Service to the Community Through Service to Our Youth, East Liverpool, 9th in state, 8-1, 1967". McNea showed a film of the highlights of the season and answered questions from the audience.

McNea noted that football is a game of luck and that a coach is lucky if he has a winning season. A lot of organization is needed and the assistant coaches must work together for some time to achieve this. McNea said that home games bring revenue to the entire athletic program at the school, and that it was because of financial considerations that the Potters couldn't play teams like Niles and Massillon.

McNea said he was hoping for improvements to Patterson Field, although several improvements had been made since he had come to East Liverpool. He mentioned a new press box, moving the lights in back of the stands and a new track. Talking about the overall athletic program at the high school, he said that he would like to see tennis and swimming added.

Saban, Collier AFL All-Star Coaches

JACKSONVILLE, Fla. (AP) — Lou Saban, twice Coach of the Year in the American Football League, and his former assistant who succeeded him at Buffalo, Joe Collier, will coach rival teams in the AFL All-Star game Jan. 21 at Jacksonville.

They were named Wednesday by Milt Woodward, AFL president. Players for the two teams will be named in about 10 days.

Saban, 45, was Coach of the Year in 1964 and 1965 when he led the Buffalo Bills to league championships. He left the pro ranks for one year as head coach at the University of Maryland but returned this season as coach of the Denver Broncos.

Tart Allowed To Play For Oakland Oaks

PITTSBURGH (AP) — Lavern Tart will play for the Oakland Oaks tonight when they meet the Pittsburgh Pipers in an American Basketball Association game.

Pennsylvania Supreme Court Justice Michael A. Musmanno ruled Wednesday that the high-scoring Tart would play until the court rules on the Oaks' appeal of a ban on Tart.

Musmanno said the court will review the case in January. Musmanno set aside a court order by Judge John G. Brosky of Allegheny County Court.

Brosky ruled last Friday that Tart's contract last season with the Wilkes-Barre, Pa., Barons of the Eastern Basketball League gave the Barons an option on him this year. The Wilkes-Barre team had asked for an injunction against Tart playing for Oakland.

Leroy Keyes Tops College Scoring

NEW YORK (AP) — Leroy Keyes of Purdue led major-college football players in scoring during the 1967 season and O.J. Simpson of Southern California lead in rushing, according to statistics released today by the NCAA.

Keyes scored 19 touchdowns for 114 points, 18 more than his two closest pursuers, Roland Moss of Toledo and Dave Dickey of Arkansas. Simpson gained 1,415 yards rushing on 266 carries. Eugene Morris of West Texas State was second with 1,274 yards and Max Anderson of Arizona State was third with 1,188 yards.

Keyes and Simpson were also one-two in all-purpose running, which includes yards gained rushing, on pass receptions and on punt, kickoff and interception returns. Keyes totaled 1,870 yards and Simpson had 1,700 yards.

Bruce Portillo Of SMU Top Lineman

By The Associated Press

Most of the attention surrounding Southern Methodist's 28-14 victory over Texas Christian Saturday went to quarterback Mike Livingston, whose offensive statistics were remarkable.

But notice should not be lost of linebacker Bruce Portillo, whose defensive statistics were amazing.

Chosen Associated Press Lineman of the Week for the final weekend of the season, Portillo, a 190-pound sophomore from Irving, Tex., was all over the field, especially when TCU made as if to score.

He made nine tackles alone, assisted on 10 more, recovered a fumble to stop one TCU driver and intercepted two passes — one on the SMU 18 — to terminate two more.

In the meantime, Livingston completed 26 of 41 passes for 323 yards and three long touchdowns for the upset victory.

SMU Coach Hayden Fry termed Portillo's fine game "one of many he has played this season. I think he is most deserving of this recognition."

Portillo, who made Mustang fans forget all about the good linebackers of last season he replaced, is strong on pass interceptions, Fry said, and is particularly good on getting away from blockers.

Art Heyman Allowed To Play In ABA

NEW YORK (AP) — Art Heyman, the college basketball Player of the Year when he played for Duke in 1963, signed a contract calling for $15,000 a year with the New Jersey Americans of the American Basketball Association.

Judge Walter R. Mansfield made this disclosure in federal court Wednesday when he denied the request of the Hartford, Conn., Capitols of the Eastern League for an injunction to keep Heyman from playing in the ABA.

Heyman, who played his first pro ball with the New York Knicks of the National Basketball Association, recently was traded by the Americans to the Pittsburgh Pipers of the ABA.

Judge Mansfield said Heyman had a contract with Hartford for the 1967 season that called for $175 game with a club option to renew. He averaged 33 points per game and became "Hartford's Darling", Judge Mansfield said.

Last March, when Heyman learned that the new ABA was organizing for its first season, Judge Mansfield wrote that the "fickle hero" signed to play for the Americans for $15,000.

In May, Hartford offered Heyman a raise to $200 per game, estimated that he would earn between $8,550 and $8,500 plus a job as an insurance agent.

In his opinion Judge Mansfield wrote that he denied the injunction because "the terms of the provisions of this contract are too harsh and one-sided to permit equitable enforcement."

Csonka On East Squad In Shrine

SAN FRANCISCO (AP) — Twenty-eight players from 21 colleges east of the Mississippi have been named to represent The East in the 43rd annual Shrine East-West charity football game Dec. 30.

The offense will be built around Larry Czonka, Syracuse University's hard-driving fullback, with signals called by scrambler Jim Raye of Michigan State and Gary Davis, Vanderbilt passer.

Halfback Dale Brady from Memphis State will be the first athlete from his school ever to participate in the event.

It also will be a first for Virginia Tech, which will send defensive back Frank Loria and end Ken Barefoot.

The East's head coach, Ara Parseghian, will bring with him three of his stars, defensive end Kevin Hardy, safety Tom Schoen, and linebacker Mike McGill.

Assistant coaches Paul Dietzel of South Caroline and Alex Agase of Northwestern also will have some familiar faces on hand in South Carolina's center James Gobble and halfback Bennie Garnto, and Northwestern's guard Bruce Gunstrac and defensive back Tom Garretson.

The squad will check into San Francisco Dec. 20 and start practice at Santa Clara University next day.

Nine Cardinals Participate In Spellman Rites

NEW YORK, (AP) — Nine cardinals participate today in a two-hour funeral service for Francis Cardinal Spellman at St. Patrick's Cathedral.

Vice President Hubert H. Humphrey joins ranking civic leaders and leading clergy of four faiths at the funeral rites. The White House said President Johnson had not yet decided if he will attend.

There are more than 2,200 seats in the cathedral. Officials of the Roman Catholic archdiocese of New York said almost all are for invited officials with tickets.

The services begin with a block-long procession into the church of hundreds of Catholic, protestant, Jewish and Orthodox leaders.

A solemn pontifical requiem Mass follows and absolutions and interment in the crypt below the high altar conclude the rites.

The services climax five days of mourning for the prince of the church who died Saturday at the age of 78 after heading the richest Roman Catholic see in America for 28 years.

The archdiocese said almost 250,000 persons paid their last respects in a nearly constant stream since the cardinal's body was placed on a purple draped catafalque Sunday.

Not Interested, Lausche Says Of 'Favorite Son'

WASHINGTON (AP) — Sen. Frank J. Lausche, D-Ohio, said Wednesday he has no inclination whatsoever to be a favorite son candidate in Ohio for the Democratic presidential nomination.

He told a reporter, a few Ohio public officials have asked him to get into the field to avoid confusion.

"I have never been a delegate to the Democratic National Convention," Lausche said. "I was a favorite son on one occasion in 1952 and my experience at that time was bitterly disappointing."

Lausche declined to elaborate on the experience.

Asked whether there was any change in his plans to seek re-election in 1968, Lausche replied that he intends to try for another Senate term and added, "reports that I would not run were either innocently or maliciously fabricated."

Mollohan Seeks Congress Post In W. Va. Bid

FAIRMONT (AP) — Robert H. Mollohan, 58, former two-term Democratic congressman in West Virginia's 1st District and unsuccessful gubernatorial candidate in 1966, has announced he will seek his old congressional job next year.

Mollohan made the announcement Wednesday. He is currently a legislative consultant and maintains an insurance business in Fairmont.

He served in Congress from 1953-56. Following that he was defeated in the governor's race by Cecil Underwood.

However, the old 1st District as Mollohan knew it is no more. When he served in Congress his district only contained seven northern West Virginia counties. It now has 13 counties.

Famous Doctor Dies

NEW YORK (AP) — Dr. Bela Schick, 90, whose development of the test for diphtheria led to the virtual conquest of the disease, died Wednesday. Schick, a native of Hungary, developed the test in 1913. It laid the groundwork for current effective inoculations against the disease.

Gives Press Peek At Cabinet Talk

LBJ Makes Anti-Inflation Pitch To Business Heads

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP) — President Johnson continues to mix the tried and true with the totally unexpected—like making another anti-inflation pitch to business leaders after breaking tradition to give the press a rare peek at a Cabinet meeting.

Th President's orthodox economic sentiments were delivered at an off-the-record dinner meeting of the prestigious Business Council, composed of about 190 leaders of the biggest industrial and financial corporations. His text was made public later.

Johnson gave the public a second-hand look at a formal Cabinet meeting earlier Wednesday by admitting three reporters and permitting them to take complete notes and report their findings. The reporters weren't shooed out until Director Richard Helms of the Central Intelligence Agency began briefing the Cabinet on latest national security developments.

In his speech to the Business Council, Johnson coupled his anti-inflation plea with a new attack on trade protectionists, a call for expanded exports, an appeal for voluntary business efforts to promote a healthy balance of payments and some pointed remarks about a recent attack on the dollar by speculators.

Johnson said the speculative attack has been "decisively repelled" but added "we cannot rest on this victory."

He declared "we must look beyond gold" to the kind of supplementary monetary reserves agreed on in September by most non-Communist nations.

The reserves needed to finance expanding world trade, he said, "need not rest on the uncertainties of gold production, consumption and speculation."

His wage-price appeal was a familiar one: Labor should "restrain its demands for excessive wage increases" and business should "refrain from avoidable price increases" and "intensify its competitive efforts."

As for import restrictions, Johnson said the race for trade cannot be won if the United States is "confined by the quotas or high tariff walls the protectionists demand."

At the Cabinet meeting, Chairman John W. Macy of the civil Service Commission reported on efforts to make it easier for citizens to do business with their government.

When Macy said some agencies are staying open Saturdays and one evening a week, the President wanted to know how much this was costing.

Not much, Macy replied.

When Macy said a determined effort is being made to get bureaucrats to answer their mail more promptly, the Chief Executive commented: "I've been shocked at some of the delay here in the White House."

He ordered each Cabinet secretary to determine—and report to him by Dec. 20—how long it takes their departments to respond to mail from Congress members and the public.

Johnson added that as a senator, he made it a rule to answer mail within 24 hours. But he noted with tongue in cheek that Cabinet officers generally are not running for public office and may not be so concerned about voters' feelings.

SUPER

Bruce Portillo Of SMU Top Lineman

By The Associated Press

Most of the attention surrounding Southern Methodist's 28-14 victory over Texas Christian Saturday went to quarterback Mike Livingston, whose offensive statistics were remarkable.

But notice should not be lost of linebacker Bruce Portillo, whose defensive statistics were amazing.

Chosen Associated Press Lineman of the Week for the final weekend of the season, Portillo, a 190-pound sophomore from Irving, Tex., was all over the field, especially when TCU made as if to score.

He made nine tackles alone, assisted on 10 more, recovered a fumble to stop one TCU driver and intercepted two passes — one on the SMU 18 — to terminate two more.

In the meaantime, Livingston completed 26 of 41 passes for 323 yards and three long touchdowns for the upset victory.

SMU Coach Hayden Fry termed Portillo's fine game "one of many he has played this season. I think he is most deserving of this recognition."

Portillo, who made Mustang fans forget all about the good linebackers of last season he replaced, is strong on pass interceptions, Fry said, and is particularly good on getting away from blockers.

Art Heyman Allowed To Play In ABA

NEW YORK (AP) — Art Heyman, the college basketball Player of the Year when he played for Duke in 1963, signed a contract calling for $15,000 a year with the New Jersey Americans of the American Basketball Association.

Judge Walter R. Mansfield made this disclosure in federal court Wednesday when he denied the request of the Hartford, Conn., Capitols of the Eastern League for an injunction to keep Heyman from playing in the ABA.

Heyman, who played his first pro ball with the New York Knicks of the National Basketball Association, recently was traded by the Americans to the Pittsburgh Pipers of the ABA.

Judge Mansfield said Heyman had a contract with Hartford for the 1967 season that called for $175 game with a club option to renew. He averaged 33 points per game and became "Hartford's Darling", Judge Mansfield said.

Last March, when Heyman learned that the new ABA was organizing for its first season, Judge Mansfield wrote that the "fickle hero" signed to play for the Americans for $15,000.

In May, Hartford offered Heyman a raise to $200 per game, estimated that he would earn between $6,550 and $8,500 plus a job as an insurance agent.

In his opinion Judge Mansfield wrote that he denied the injunction because "the terms of the provisions of this contract are too harsh and one-sided to permit equitable enforcement."

Grid Coach Fired

COOKEVILLE, Tenn. (AP) — After 23 years as head football coach at Tennessee Tech, Wilburn Tucker was fired Wednesday.

Csonka On East Squad In Shrine

SAN FRANCISCO (AP) — Twenty-eight players from 21 colleges east of the Mississippi have been named to represent The East in the 43rd annual Shrine East-West charity football game Dec. 30.

The offense will be built around Larry Czonka, Syracuse University's hard-driving fullback, with signals called by scrambler Jim Raye of Michigan State and Gary Davis, Vanderbilt passer.

Halfback Dale Brady from Memphis State will be the first athlete from his school ever to participate in the event.

It also will be a first for Virginia Tech, which will send defensive back Frank Loria and end Ken Barefoot.

The East's head coach, Ara Parseghian, will bring with him three of his stars, defensive end Kevin Hardy, safety Tom Schoen, and linebacker Mike McGill.

Assistant coaches Paul Dietzel of South Caroline and Alex Agase of Northwestern also will have some familiar faces on hand in South Carolina's center James Gobble and halfback Bennie Garnto, and Northwestern's guard Bruce Gunstrac and defensive back Tom Garretson.

The squad will check into San Francisco Dec. 20 and start practice at Santa Clara University next day.

Nine Cardinals Participate In Spellman Rites

NEW YORK, (AP) — Nine cardinals participate today in a two-hour funeral service for Francis Cardinal Spellman at St. Patrick's Cathedral.

Vice President Hubert H. Humphrey joins ranking civic leaders and leading clergy of four faiths at the funeral rites. The White House said President Johnson had not yet decided if he will attend.

There are more than 2,200 seats in the cathedral. Officials of the Roman Catholic archdiocese of New York said almost all are for invited officials with tickets.

The services begin with a block-long procession into the church of hundreds of Catholic, protestant, Jewish and Orthodox leaders.

A solemn pontifical requiem Mass follows and absolutions and interment in the crypt below the high altar conclude the rites.

The services climax five days of mourning for the prince of the church who died Saturday at the age of 78 after heading the richest Roman Catholic see in America for 28 years.

The archdiocese said almost 250,000 persons paid their last respects in a nearly constant stream since the cardinal's body was placed on a purple draped catafalque Sunday.

Not Interested, Lausche Says Of 'Favorite Son'

WASHINGTON (AP) — Sen. Frank J. Lausche, D-Ohio, said Wednesday he has no inclination whatsoever to be a favorite son candidate in Ohio for the Democratic presidential nomination.

He told a reporter, a few Ohio public officials have asked him to get into the field to avoid confusion.

"I have never been a delegate to the Democratic National Convention," Lausche said. "I was a favorite son on one occasion in 1952 and my experience at that time was bitterly disappointing."

Lausche declined to elaborate on the experience.

Asked whether there was any change in his plans to seek re-election in 1968, Lausche replied that he intends to try for another Senate term and added, "reports that I would not run were either innocently or maliciously fabricated."

Mollohan Seeks Congress Post In W. Va. Bid

FAIRMONT (AP) — Robert H. Mollohan, 58, former two-term Democratic congressman in West Virginia's 1st District and unsuccessful gubernatorial candidate in 1956, has announced he will seek his old congressional job next year.

Mollohan made the announcement Wednesday. He is currently a legislative consultant and maintains an insurance business in Fairmont.

He served in Congress from 1952-56. Following that he was defeated in the governor's race by Cecil Underwood.

However, the old 1st District as Mollohan knew it is no more. When he served in Congress his district only contained seven northern West Virginia counties. It now has 13 counties.

Famous Doctor Dies

NEW YORK (AP) — Dr. Bela Schick, 90, whose development of the test for diphtheria led to the virtual conquest of the disease, died Wednesday. Schick, a native of Hungary, developed the test in 1913. It laid the groundwork for current effective inoculations against the disease.

Gives Press Peek At Cabinet Talk

LBJ Makes Anti-Inflation Pitch To Business Heads

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP) — President Johnson continues to mix the tried and true with the totally unexpected—like making another anti-inflation pitch to business leaders after breaking tradition to give the press a rare peek at a Cabinet meeting.

Th President's orthodox economic sentiments were delivered at an off-the-record dinner meeting of the prestigious Business Council, composed of about 190 leaders of the biggest industrial and financial corporations. His text was made public later.

Johnson gave the public a second-hand look at a formal Cabinet meeting earlier Wednesday by admitting three reporters and permitting them to take complete notes and report their findings. The reporters weren't shooed out until Director Richard Helms of the Central Intelligence Agency began briefing the Cabinet on latest national security developments.

In his speech to the Business Council, Johnson coupled his anti-inflation plea with a new attack on trade protectionists, a call for expanded exports, an appeal for voluntary business efforts to promote a healthy balance of payments and some pointed remarks about a recent attack on the dollar by speculators.

Johnson said the speculative attack has been "decisively repelled" but added "we cannot rest on this victory."

He declared "we must look beyond gold" to the kind of supplementary monetary reserves agreed on in September by most non-Communist nations.

The reserves needed to finance expanding world trade, he said, "need not rest on the uncertainties of gold production, consumption and speculation."

His wage-price appeal was a familiar one: Labor should "restrain its demands for excessive wage increases" and business should "refrain from avoidable price increases" and "intensify its competitive efforts."

As for import restrictions, Johnson said the race for trade cannot be won if the United States is "confined by the quotas or high tariff walls the protectionists demand."

At the Cabinet meeting, Chairman John W. Macy of the civil Service Commission reported on efforts to make it easier for citizens to do business with their government.

When Macy said some agencies are staying open Saturdays and one evening a week, the President wanted to know how much this was costing.

Not much, Macy replied.

When Macy said a determined effort is being made to get bureaucrats to answer their mail more promptly, the Chief Executive commented: "I've been shocked at some of the delay here in the White House."

He ordered each Cabinet secretary to determine—and report to him by Dec. 20—how long it takes their departments to respond to mail from Congress members and the public.

Johnson added that as a senator, he made it a rule to answer mail within 24 hours. But he noted with tongue in cheek that Cabinet officers generally are not running for public office and may not be so concerned about voters' feelings.

Today In History

By The Associated Press

Today is Thursday, Dec. 7, the 341st day of 1967. There are 24 days left in the year.

Today's highlight in history:

On this date in 1941, the Japanese attacked Pearl Harbor.

On this date—

In 1542, Mary Queen of Scots was born.

In 1787, Delaware became the first state to ratify the U.S. Constitution.

In 1808, James Madison was elected president.

In 1836, Martin Van Buren won the presidential election.

In 1931, President Herbert Hoover refused to receive a delegation of hunger marchers at the White House.

In 1946, more than 100 persons died in a hotel fire in Atlanta, Ga.

Ten years ago, Yugoslavia said it would pursue an independent foreign policy, qualifying the country for continued U.S. aid.

Five years ago, President John F. Kennedy inspected the Strategic Air Command's underground command post near Omaha, Neb.

One year ago, Syria called for the overthrow of Jordan's King Hussein.

Junior Editors Quiz on WAVES

QUESTION: What makes waves on ocean water, and what is foam?

★ ★ ★

ANSWER: As wind pushes on sea water and builds up a wave form, wind friction helps to point the top to a sharp crest (A). If the wind is strong enough, it will then blow over the water at the top so that it goes spilling down (B). But the air of the wind will have mixed with the water, resulting in millions of air bubbles, each surrounded by a thin film of water (C). The water film around the bubble is held by the force called "surface tension," by which molecules on a liquid surface tend to pull together. When you blow a soap bubble, the molecules in the soapy water are trying to hold together, and a round shape is the smallest one into which they can compress the air inside the bubble. Air bubbles in sea water are formed in much the same way.

Millions of air bubbles form the white mass called foam, which is white because the glistening air bubbles are reflecting light from all directions (C). As the foam falls down, it is pushed into the water below and often comes boiling up onto the back of the next wave.
